

Temari Battle System: Quick Facts

Item	Current copy
Product name	Temari Battle System
Company	Temari Battle Systems Inc.
Category	Connected robot battle game / physical-digital play system
Core idea	Players physically hunt digital Legends, battle them in AR, and load them into rebuildable Mechs for real-world robot combat.
Player role	Players are “Battlers” who collect, command, battle, trade, expand, and climb the ranks of a global league.
Launch core	Starter Kit: Battle Unit / Starter Mech plus Temari app access.
Starter Kit includes	Battle Unit / Starter Mech, Temari app access, Legend hunting and capture, AR arena battles, direct physical robot battles, 1–2 player local play, and basic League access.
Primary play loop	Hunt > Capture > Battle, with deeper progression through customization, trading, expansion, and League/rank play.
App role	Hunt, capture, manage, battle, and progress Legends.
Physical hardware role	The Battle Unit / Starter Mech brings captured Legends into real-world robot combat.
AR mode	Digital Legends battle in AR arenas through the app; no Tower required.
Physical battle mode	Legends can be loaded into real Mechs for direct robot combat; no Tower required.
Nexus Portal mode	The Temari Nexus Portal enables tracked mixed-reality arena play, advanced effects, autonomy, remote play potential, and premium events.
Additional modes / unlocks	Expansion Mechs, Sport Kit / Robo Hockey, Nexus mixed reality, Charge Case, rankings, faction competition, creator battles, roadshows, and premium formats.
World / IP	Legends, Mechs, factions, Co-pilots, comics, story universe, League, and team bonuses.
Factions	Beijing Dragons, Osaka Ghosts, Berlin Behemoths, Cali Dinos, and Salisbury Druids.
Proof / development status	Functional Battle Unit, functional Temari Nexus Portal, 20+ Mechs developed, app-controlled physical battle prototype, AR arena visuals in alpha, Nexus-enabled autonomy/mixed-reality effects, League backend stress-tested with 60K concurrent bots, comics/concept art/story bible, and multiple successful user tests.
Current status	Prelaunch; Founders List open.
Cost status	Pricing has not been announced; joining the Founders List does not charge the user.
Launch regions	Launch regions will be announced before paid reservations open.
Platforms	Tablet and Mobile. iOS and Android. Iphone X and Pixel 6a base specs
Age guidance	10+ target/provisional guidance; final age guidance will be confirmed through certification before launch.
Safety positioning	Designed for robust physical use, impact-force limits, reduced pinch-point risk, replaceable high-wear parts, positive online play, and no direct chat in the app.
Certification path	FCC, CPSIA, ASTM F963, CE, RED, EN 71, EN 62115, and REACH identified on the current site.
Press assets	Current press kit includes usage rights and downloadable assets for Battle Unit / Starter Mech, Hunter, Mech vessels, Legends, factions, comic covers, user testing, Battle Unit, Temari Tower, and studio/team imagery.
