

ENVIRONMENTAL POLICY STATEMENT

ORE Supplies Limited are committed to conducting business in a way that embraces environmental issues and reacts constructively to them. Waste is a resource to be used.

As a business our approach is to:

- Comply with environmental regulations.
- Conduct business in an environmentally-sound way.
- Apply the principles of reduce, reuse and recycle in all that we do.
- Actively promote the use of recycled materials.
- Promote environmental responsibility and awareness amongst our employees.
- Strive to promote the same principals and approach amongst our suppliers.
- Monitor and change our approach if necessary.

As a company our objective is to conserve and reuse materials, save energy and reduce our carbon footprint. We achieve this by:

- Ensuring bought-in paper has a recycled content.
- Recycling of all paper waste.
- Recycling of card, cans, food and plastic waste.
- Using environmentally-friendly cleaning products.
- Turning off screens at night.
- Turning off all lights at night and turning down our heating.
- Recycling all ink cartridges.

This policy has been approved and authorised by:

Oliver Rudd, Managing Director, ORE Supplies Limited
