Item 4 – Advisory Services

A. Firm Information

SevenBridge Financial Group, LLC (“SevenBridge” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor was organized as a Limited Liability Company (“LLC”) under the laws of the Commonwealth of Pennsylvania in August 2015. Effective October 1, 2018, SevenBridge became a wholly-owned subsidiary of SevenBridge Financial Holdings, LLC, which is primarily owned by 7B Holdings, LLC (“7B Holdings”). 7B Holdings is owned by Charles R. Eberly (Managing Partner and Chief Investment Officer of SevenBridge) and Justin Ferraccio (Managing Partner and Chief Financial Officer of SevenBridge). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by SevenBridge.

B. Advisory Services Offered

SevenBridge provides investment advisory services to individuals, high net worth individuals, trusts, estates, charitable organizations, retirement plans, and businesses (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. SevenBridge’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

SevenBridge may provide Clients with wealth management services, which generally includes a broad range of comprehensive financial planning and consulting services as well as discretionary management of investment portfolios. These services may also be offered separately on a stand-alone basis.

Investment Management Services – SevenBridge provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. SevenBridge works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation. SevenBridge will then develop a “core-satellite” investment strategy for each Client portfolio. The “core” of a portfolio comprises investments that are financially sound, well-managed and globally based with additional focus on generating a strong and growing dividend stream. “Satellite” positions complement the “core” by adding either stability or the potential for growth.

SevenBridge primarily allocates Client assets among various individual debt and equity securities, as well as certain mutual funds and exchange-traded funds (“ETFs”) in accordance with their stated investment objectives. For Clients with smaller accounts and retirement plans, SevenBridge allocates (or recommends the assets be allocated where the Advisor is not directly managing the assets) primarily among various mutual funds and ETFs. For certain Clients, SevenBridge may employ stock option strategies to enhance and/or develop income by selling puts and calls on existing cash and stock positions, respectively. Additionally, for certain Clients, SevenBridge may recommend the use of Alternative Investments (Limited Partnerships) in Client portfolios. In addition, SevenBridge sometimes utilizes options to protect account holdings via long put positions and zero-cost collars. SevenBridge’s work with options is customized to the particular needs of each Client. The Advisor may also retain other types of investments from the Client’s legacy portfolio due to fit with the overall portfolio strategy, tax-related reasons, or other reasons as identified between the Advisor and the Client.

SevenBridge’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. SevenBridge will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

SevenBridge evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. SevenBridge may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. SevenBridge may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will SevenBridge accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the terms of the advisory agreement, please see Item 12 – Brokerage Practices.

Retirement Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts (“IRAs”), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. When deemed to be in the Client's best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Donor Advised Fund Services – The Advisor also provides the Schwab Charitable Donor Advised Fund (“DAF”) to Clients via Schwab Charitable, a web-based interface and administrative solution for charitable giving to philanthropic vehicles via the Schwab Charitable Fund (“SCF”), an IRS approved philanthropic vehicle established for the purpose of managing charitable donations contributed by or on behalf of donor clients. The DAF allows the Advisor to actively manage assets that have been donated to and are owned by SCF, while charging an investment management fee. The Advisor's DAF participation is in conjunction with approval by the SCF Investment Committee for the Advisor to operate as an advisory manager on the platform. The Schwab Charitable Fund is an independent company and unaffiliated with the Advisor.

Use of Sub-Advisors – SevenBridge may utilize third-party investment advisors for asset management and back-office services (herein “Sub-Advisor”) for all or a portion of a Client's portfolio. In these instances, the Advisor will engage the Sub-Advisor to provide these services for its Clients. Clients are not charged an additional fee by the Sub-Advisor. SevenBridge will remain the Client's primary Advisor and will direct the Sub-Advisor as to the Client's investment objectives. The Advisor will perform initial and ongoing oversight and due diligence over the Sub-Advisor to ensure the strategy remains aligned with Client investment objectives and overall best interests. The Client will be provided with the Sub-Advisor's Form ADV Part 2A (or a brochure that makes the appropriate disclosures).

Schwab Bank Pledged Asset Line® – The Advisor may introduce certain Clients to a Pledged Asset Line®, a non-purpose revolving line of credit available offered through Charles Schwab Bank, secured by eligible assets held in an account maintained at the Custodian. (“Lending Program”). In such instances, the Client's assets in their account[s] at the Custodian will be utilized as collateral for a non-purpose revolving line of credit. The recommendation of a Lending Program presents a conflict of interest as the Advisor will continue to receive investment advisory fees for managing the collateralized assets in the Client's account[s]. Clients are not obligated to engage the Advisor for the Lending Program. For additional information related to the risks involved non-purpose loans, please see Item 8 - Methods of Analysis, Investment Strategies and Risk of Loss.

Financial Planning Services – SevenBridge will typically provide a variety of financial planning services to individuals and families either as a component of wealth management services or pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to business planning, investment planning, retirement planning, insurance planning, personal savings, education savings, cash flow forecasting, large purchase planning, charitable giving, tax planning, trust/estate planning and other areas of a Client's financial situation.

A financial plan developed for the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. SevenBridge may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

SevenBridge provides retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Management Services (ERISA 3(38))
- Performance Reporting
- ERISA 404(c) Assistance
- Benchmarking Services

These services are provided by SevenBridge serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of SevenBridge's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

Business Consulting Services

SevenBridge also offers Business Consulting, pursuant to a written business consulting agreement. Services are offered in several areas, depending on their goals, objectives and financial situation. Generally, such consulting services will involve rendering a financial consultation based on the Client's financial goals and objectives. This consulting may encompass one or more areas of need, including, but not limited to business planning, tax planning, cash flow forecasting, risk management and reporting.

A business consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. SevenBridge may also refer Clients to an accountant, attorney or another specialist, as appropriate for their unique situation.

Business consulting poses a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or

maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging SevenBridge to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – SevenBridge, in connection with the Client, will develop a strategy that seeks to achieve the goals of the Client.
- Asset Allocation – SevenBridge will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – SevenBridge will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – SevenBridge will provide investment management and ongoing oversight of the Client’s investment portfolio.

D. Wrap Fee Programs

SevenBridge does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by SevenBridge.

E. Assets Under Management

As of December 31, 2025 SevenBridge manages approximately \$722,425,862 in Client assets, all of which are managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall enter into one or more agreements that detail the responsibilities of SevenBridge and the Client.

A. Fees for Advisory Services

Wealth Management Services

For Clients who engage the Advisor for comprehensive wealth management services, the Client will be charged a single combined fee for investment management and financial planning services. Wealth management fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the wealth management agreement.

Fees are based on the market value of assets under management at the end of the prior calendar quarter, and range from 0.80% to 1.50% based on the following schedule:

Assets Under Management	Annual Rate
Up to \$1,000,000	1.50%
\$1,000,001 to \$3,000,000	1.25%
\$3,000,001 to \$5,000,000	1.00%
\$5,000,001 to \$10,000,000	0.90%
Above \$10,000,001	0.80%

The fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Advisor may, in its sole discretion, charge a lesser fee based upon certain criteria, such as anticipated future earning capacity, anticipated future assets to be managed, related accounts, account composition, and other factors. The Client’s fees will take into consideration

the aggregate assets under management with the Advisor. All securities held in accounts managed by SevenBridge will be independently valued by the Custodian. SevenBridge will conduct periodic reviews of the Custodian's valuation to ensure accurate billing.

The Client may make additions to and withdrawals from their account[s] at any time, subject to SevenBridge's right to terminate an account. Additions may be in cash or securities provided that SevenBridge reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to SevenBridge, subject to the usual and customary securities settlement procedures. However, SevenBridge designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. SevenBridge may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications. If assets in excess of \$10,000 are deposited into or withdrawn from the Client's account[s], the Advisor's fee will be adjusted in the next billing period to reflect the fee difference. The Advisor may negotiate a fee that differs from the schedule above for certain account[s] or holdings. Additionally, fees with respect to certain Client holdings (e.g., held-away assets, accommodation accounts, alternative investments, etc.), may be offered a fee rate that differs from the range set forth above.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 0.50%. Fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the retirement plan advisory agreement. Fees are based on the market value of assets under management in the Plan at the end of the prior calendar quarter pursuant to the following schedule:

Assets Under Management	Annual Rate
Up to \$5,000,000	0.50%
\$5,000,001 to \$10,000,000	0.30%
Over \$10,000,000	0.20%

Fees may be negotiable depending on the size of the Plan and the services to be provided. Certain existing Clients may have fee schedules that differ from the schedule below.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

SevenBridge offers stand-alone financial planning services for a fixed fee ranging from \$5,000 to \$25,000, which may be negotiable depending on the nature and complexity of each Client's circumstances. An estimate for total costs will be provided to the Client prior to engaging for planning and consulting services.

Business Consulting Services

SevenBridge offers business consulting services for a fixed fee ranging up to \$150,000, which may be negotiable depending on the nature and complexity of each Client's circumstances. An estimate for total costs will be provided to the Client prior to engaging for business consulting services.

B. Fee Billing

Wealth Management Services

Fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with SevenBridge at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of these fees. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting

advisory fees to be deducted by SevenBridge directly from their accounts held by the Custodian as part of the agreement and separate account forms provided by the Custodian.

Retirement Plan Advisory Services

Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

Financial Planning Services

Fees are generally invoiced up to fifty percent (50%) upon execution of the advisory agreement. The balance is due upon the completion of the engagement deliverable[s].

Business Consulting Services

Fees are invoiced quarterly, in advance of each calendar quarter and are due upon receipt.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than SevenBridge, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The Advisor's recommended Custodians do not charge securities transaction fees for ETF and equity trades in Client accounts, but typically charge for mutual funds and other types of investments. The investment advisory fee charged by SevenBridge is separate and distinct from these custody and execution fees.

In addition, all fees paid to SevenBridge for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of SevenBridge, but would not receive the services provided by SevenBridge which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by SevenBridge to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services / Retirement Plan Advisory Services / Business Consulting Services

SevenBridge is compensated for its services in advance of the quarter in which advisory services are rendered. Either party may terminate the advisory agreement with SevenBridge, at any time, by providing advance written notice to the other party. The Client shall be responsible for advisory fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid advisory fees from the effective date of termination to the end of the quarter. The Client's advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

SevenBridge may be partially compensated for its services in advance of the engagement. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. Upon termination, the Client shall be billed for the percentage of the engagement completed at the time of termination and the Advisor will refund any unearned, prepaid fees. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

SevenBridge does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

SevenBridge does not charge performance-based fees for its investment advisory services. The fees charged by SevenBridge are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

SevenBridge does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

SevenBridge provides investment advisory services to individuals, high net worth individuals, trusts, estates, charitable organizations, retirement plans, and businesses. SevenBridge generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Sevenbridge's utilizes a combination of analysis methods, including fundamental, technical, cyclical and behavioral methods in developing investment strategies for its Clients. Research and analysis from SevenBridge are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to Clients. Technical analysis may involve the use of charts and charting methods to identify market patterns and trends which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Sevenbridge will be able to accurately predict such a reoccurrence. Sevenbridge primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from SevenBridge is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Cyclical analysis is similar to technical analysis in that it involves the assessment of market conditions at a macro (entire market or economy) or micro (company specific) level, rather than focusing on the overall fundamental analysis of the health of the particular company that SevenBridge is recommending. The risks with cyclical analysis are similar to those of technical analysis.

Behavioral finance analysis involves an examination of conventional economics as well as behavioral and cognitive psychological factors. Behavioral finance methodology seeks to combine a qualitative and quantitative approach to provide explanations for why individuals may, at times, make irrational financial decisions. Where conventional financial theories have failed to explain certain patterns, the behavioral finance methodology investigates the underlying reasons and biases that cause some people to behave against their best interests.

The risks relating to behavior finance analysis are that it relies on spotting trends in human behavior that may not predict future trends.

As noted above, SevenBridge generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. SevenBridge will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, SevenBridge may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. SevenBridge will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The value of the ETFs will fluctuate with the value of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low volume. The price of an ETF fluctuates based upon the market movements and may not track the true price of the underlying investment. An ETF purchased at one point in the day may have a different price than the same ETF purchased a short time later.

Bond Risks

Bond are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the

company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The value of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Cryptocurrency ETF Risks

Cryptocurrency ETFs are investment vehicles designed to provide exposure to the price movements of cryptocurrencies or cryptocurrency-related assets through exchange-listed securities. Cryptocurrencies and cryptocurrency-related markets are highly volatile. Prices may fluctuate dramatically over short periods of time due to factors including, but not limited to, market sentiment, technological developments, macroeconomic events, regulatory actions, and changes in liquidity. As a result, Cryptocurrency ETFs may experience rapid and substantial losses. A Cryptocurrency ETF's performance may differ materially from the crypto market exposure it seeks to provide due to fees and expenses, portfolio construction and rebalancing, and the use of derivatives, and during periods of market stress liquidity may decline, bid-ask spreads may widen, shares may trade above or below the value of underlying holdings, and trading may be halted or limited, which may prevent buying or selling at desired times or prices.

Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

Pledged Asset Line®

A securities-backed non-purpose revolving line of credit involves a high degree of risk, including but not limited to the risk of a market downturn, tax implications if collateralized securities are liquidated, and an increase in interest rates. A decline in the market value of collateralized securities held in the account[s] at the Custodian, may result in a reduction in the draw amount of the Client's line of credit, a demand from the Lending Program that the Client deposit additional funds or securities in the Client's collateral account[s], or a forced sale of securities in the Client's collateral account[s].

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving SevenBridge or any of its management persons. SevenBridge values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 281037.

Item 10 – Other Financial Industry Activities and Affiliations

The sole business of SevenBridge and its Management Persons is to provide investment advisory services to its Clients. Neither SevenBridge nor its Advisory Persons are involved in other business endeavors. SevenBridge

does not maintain any affiliations with other firms, other than contracted service providers to assist with the servicing of its Client's accounts.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

SevenBridge has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with SevenBridge ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. SevenBridge and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of SevenBridge Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (717) 775-8661 or via email at info@sevenbridgefinancial.com.

B. Personal Trading with Material Interest

SevenBridge allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. SevenBridge does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. SevenBridge does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

SevenBridge allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of SevenBridge have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by SevenBridge requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While SevenBridge allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will SevenBridge, or any Supervised Person of SevenBridge, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

SevenBridge does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize SevenBridge to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, SevenBridge does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where SevenBridge does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost from the Advisor associated with using a Custodian not recommended by SevenBridge. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. SevenBridge may recommend the Custodian based on criteria

such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation and/or the location of the Custodian's offices.

SevenBridge will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab") or Fidelity Clearing & Custody Solutions and related entities of Fidelity Investments, Inc. (collectively "Fidelity"), each a FINRA-registered broker-dealer and member SIPC. Schwab and Fidelity will serve as the Client's "qualified custodian". SevenBridge maintains an institutional relationship with Schwab and Fidelity, whereby the Advisor receives economic benefits from Schwab and Fidelity. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **SevenBridge does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor does receive certain economic benefits from Schwab. Please see Item 14.**

2. Brokerage Referrals - SevenBridge does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where SevenBridge will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). SevenBridge will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

Transactions for each Client generally will be effected independently, unless SevenBridge decides to purchase or sell the same securities for several Clients at approximately the same time. SevenBridge may (but is not obligated to) combine or "batch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Advisor's Clients differences in prices and commissions or other transaction costs that might not have been obtained had such orders been placed independently. Under this procedure, transactions will generally be averaged as to price and allocated among the Advisor's Clients pro rata to the purchase and sale orders placed for each Client on any given day. To the extent that the Advisor determines to aggregate Client orders for the purchase or sale of securities, including securities in which SevenBridge's Supervised Persons may invest, the Advisor generally does so in accordance with applicable rules promulgated under the Investment Advisers Act of 1940 and no-action guidance provided by the staff of the SEC. SevenBridge does not receive any additional compensation or remuneration as a result of the aggregation.

In the event that the Advisor determines that a prorated allocation is not appropriate under the particular circumstances, the allocation will be made based upon other relevant factors, which may include: (i) when only a small percentage of the order is executed, shares may be allocated to the account[s] with the smallest order or the smallest position or to an account that is out of line with respect to security or sector weightings relative to other portfolios, with similar mandates; (ii) allocations may be given to one account when one account has limitations in its investment guidelines which prohibit it from purchasing other securities which are expected to produce similar investment results and can be purchased by other accounts; (iii) if an account reaches an investment guideline limit and cannot participate in an allocation, shares may be reallocated to other accounts (this may be due to unforeseen changes in an account's assets after an order is placed); (iv) with respect to sale allocations, allocations may be given to accounts low in cash; (v) in cases when a pro rata allocation of a potential execution would result in a de minimis allocation in one or more accounts, the Advisor may exclude the account(s) from the allocation; the transactions may be executed on a pro rata basis among the remaining accounts; or (vi) in cases where a small proportion of an order is executed in all accounts, shares may be allocated to one or more accounts on a random basis.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of SevenBridge and periodically by the CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client. For those Clients that engage for financial planning services as part of its wealth management services, such reviews are conducted on an “as needed” basis. All Clients are encouraged to discuss their needs, goals, and objectives with SevenBridge and to keep SevenBridge informed of any changes thereto.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify SevenBridge if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by SevenBridge

SevenBridge does not receive securities commissions or other compensation from product sponsors, broker-dealers or any un-related third party. SevenBridge may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, SevenBridge may receive referrals of new Clients from a third party.

Participation in Institutional Advisor Platform

SevenBridge has established an institutional relationship with Schwab through its “Schwab Advisor Services” unit, a division of Schwab dedicated to serving independent advisory firms like SevenBridge. As a registered investment advisor participating on the Schwab Advisor Services platform, SevenBridge receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a conflict of interest since these benefits may influence the Advisor’s recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab’s institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client’s funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for

its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services to SevenBridge that may not benefit the Client, including: educational conferences and events, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a conflict of interest. SevenBridge believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Participation in Institutional Advisor Platform

The Advisor has established an institutional relationship with Fidelity, whereby accounts are custodied through Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment advisory services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from Fidelity creates a conflict of interest since these benefits may influence the Advisor's recommendation of Fidelity over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from Fidelity: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Promoters

SevenBridge does not compensate, either directly or indirectly, any affiliated or unaffiliated parties (“Promoters”) for Client referrals.

Item 15 – Custody

The Advisor is authorized to deduct its fees from the Client's account[s] at the Custodian. The Client must place all assets with a “qualified custodian”. The Client is required to engage the Custodian to retain all funds and securities and direct the Advisor to utilize that Custodian for security transactions in the account[s]. The Client should review statements provided by the Custodian, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

SevenBridge typically has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by SevenBridge. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by SevenBridge will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

SevenBridge may accept proxy-voting responsibility for Clients, via a third-party service that will also provide asset recovery services for Securities Class Action Settlements involving Clients. Please Note: The third party will be

SevenBridge Financial Group, LLC

Phone: (717) 775-8661 | Fax: (717) 775-8658
<http://sevenbridgefinancial.com>

entitled to a contingency fee of 20% of the total reimbursement of Securities Class Action Settlements it collects for Clients. During the account opening process, Clients have the option of electing SevenBridge to vote proxies for securities in Client accounts. For all such accounts, SevenBridge will vote company proxies in accordance with its fiduciary obligations and its internal proxy voting policies and procedures. These policies and procedures contain guidelines that we follow in order to minimize conflicts of interest and to ensure that it votes proxies in a manner consistent with the best interests of its Clients. Unless we make an affirmative decision to the contrary, we vote proxies as the Board of Directors of a company recommends. Clients can obtain a complete copy of our Proxy Voting Policies and Procedures, as well as ascertain how particular proxies were voted, by contacting the Advisor at (717) 775-8661.

Item 18 – Financial Information

Neither SevenBridge, nor its management, have any adverse financial situations that would reasonably impair the ability of SevenBridge to meet all obligations to its Clients. Neither SevenBridge, nor any of its Advisory Persons have been subject to a bankruptcy or financial compromise. SevenBridge is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Accredited Investment Fiduciary[™] ("AIF[®]")

The AIF[®] mark is held by the Center for Fiduciary Studies, LLC, a Fiduciary360 (fi360) company. The professional designations awarded by fi360 demonstrate the focus on all the components of a comprehensive investment process, related fiduciary standards of care, and commitment to excellence. AIF[®] designees undergo an initial training program, annual continuing education, and pledge to abide by the designation's code of ethics.

Since October 2002, the Accredited Investment Fiduciary[™] (AIF[®]) designation has been the mark of commitment to a standard of fiduciary investment excellence. Those who earn the AIF[®] mark successfully complete a specialized program on investment fiduciary standards of care and subsequently passed a comprehensive examination. AIF[®] designees demonstrate a thorough understanding of fi360's Prudent Practices for investment advisors and stewards.

Accredited Portfolio Management Advisor[™] ("APMA[®]")

Individuals who hold the APMA[®] designation have completed a course of study encompassing client assessment and suitability, risk/return, investment objectives, bond and equity portfolios, modern portfolio theory, and investor psychology. Students have hands-on practice in analyzing investment policy statements, building portfolios, and making asset allocation decisions, including sell, hold, and buy decisions within a client's portfolio. Additionally, individuals must pass an end-of-course examination that tests their ability to synthesize complex concepts and apply theoretical concepts to real-life situations. All designees have agreed to adhere to Standards of Professional Conduct[™] and are subject to a disciplinary process. Designees renew their designation every two-years by completing 16 hours of continuing education, reaffirming adherence to the Standards of Professional Conduct[™], and complying with self-disclosure requirements.

Chartered Retirement Planning Counselor[™] ("CRPC[®]")

Individuals who hold the CRPC[®] designation have completed a course of study encompassing pre-and post-retirement needs, asset management, estate planning, and the entire retirement planning process using models and techniques from real client situations. Additionally, individuals must pass an end-of-course examination that tests their ability to synthesize complex concepts and apply theoretical concepts to real-life situations. All designees have agreed to adhere to Standards of Professional Conduct and are subject to a disciplinary process. Designees renew their designation every two-years by completing 16 hours of continuing education, reaffirming adherence to the Standards of Professional Conduct, and complying with self-disclosure requirements.

Privacy Policy

Effective: February 26, 2026

Our Commitment to You

SevenBridge Financial Group, LLC (“SevenBridge” or the “Advisor”) is committed to safeguarding the use of personal information of our Client’s (also referred to as “you” and “your”) that we obtain as your Investment Advisor, as described here in our Privacy Policy (“Policy”).

Our relationship with you is our most important asset. We understand that you have entrusted us with your private information, and we do everything that we can to maintain that trust. SevenBridge (also referred to as “we”, “our” and “us”) protects the security and confidentiality of the personal information we have and implements controls to ensure that such information is used for proper business purposes in connection with the management or servicing of our relationship with you.

SevenBridge does not sell your non-public personal information to anyone. Nor do we provide such information to others except for discrete and reasonable business purposes in connection with the servicing and management of our relationship with you, as discussed below.

Details of our approach to privacy and how your personal non-public information is collected and used are set forth in this Policy.

Why you need to know?

Registered Investment Advisors (“RIAs”) must share some of your personal information in the course of servicing your account. Federal and State laws give you the right to limit some of this sharing and require RIAs to disclose how we collect, share, and protect your personal information.

What information do we collect from you?

Social security or taxpayer identification number	Assets and liabilities
Name, address and phone number[s]	Income and expenses
E-mail address[es]	Investment activity
Account information (including other institutions)	Investment experience and goals

What Information do we collect from other sources?

Custody, brokerage and advisory agreements	Account applications and forms
Other advisory agreements and legal documents	Investment questionnaires and suitability documents
Transactional information with us or others	Other information needed to service account

How do we protect your information?

To safeguard your personal information from unauthorized access and use we maintain physical, procedural and electronic security measures. These include such safeguards as secure passwords, encrypted file storage and a secure office environment. Our technology vendors provide security and access control over personal information and have policies over the transmission of data. Our associates are trained on their responsibilities to protect Client’s personal information.

We require third parties that assist in providing our services to you to protect the personal information they receive from us.

How do we share your information?

An RIA shares Client personal information to effectively implement its services. In the section below, we list some reasons we may share your personal information.
