

Northern New England Conference of Seventh-day Adventists®

Education Department

OUR KIDS **UNIVERSITY** SCHOLARSHIP

This scholarship was donated by a couple who always longed to have their own children. This never came to be, so they decided to donate their estate to children who wanted to participate in the Adventist school system but did not have the means to do so. For this reason, they decided to call the scholarship "Our Children."

Nothing meant more to this couple than the Adventist church and family. Their legacy will continue through those children who receive an Adventist education that it helped provide.
