

The EFTPOS provider that puts your business first

Key Features

24/7 local support

From our customer success team, 24/7 local phone support and field technicians, your business will have access to our experts when you need them.

Latest EFTPOS technology

Pago's next generation technology ensures you'll have fast transaction speeds, continuous upgrades and access to the latest innovations.

Point of Sale integrated

Pago integrates with a wide variety of Point of Sale providers. Visit the Integrated EFTPOS page on our website for a full list of our POS partners.

Reliable connectivity

With 4G dual SIM, wifi and ethernet connectivity, Pago will ensure you never miss a payment.

Increased savings

Pago's pricing is simple and transparent. We offer low cost EFTPOS options which means increased savings for your business.

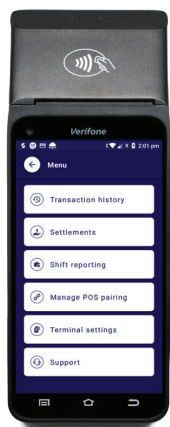

Real-time dashboard

Pago's live dashboard allows you to reconcile payments, view transactions, and monitor each terminal's battery life remotely.

Pago's Terminals

Pago Primo

Pago Primo is your full service and mobile payments device, allowing you to take payments wherever you do business.

Portable device

Large 5.5" touch screen
