JUDGE ROLE-PLAY CHARACTERIZATION

You are to assume the role of an employee at LOOK DIAGNOSTICS, a private lab that processes patient blood samples for diagnostic and informational use for corporate clients. You have asked a coworker (participant) to explain why the company is no longer allowing any visitors or guests into the building.

LOOK DIAGNOSTICS has various corporate clients, including several DNA research companies and companies administering employee drug tests. Up until recently, LOOK DIAGNOSTICS has allowed employees to have visitors and other guests in the front lobby, employee lounge and the employee locker room. The director of the company announced this morning that visitors and guests will no longer be allowed inside the building due to safety and security concerns.

The participant will present information to you in a role-play to take place at the office. You will begin the role-play by asking about safety.

During the course of the role-play, you are to ask the following questions of each participant:

1. How does this new rule protect me as an employee?
2. What is the difference between security and safety?

Once the coworker (participant) has presented information and has answered your questions, you will conclude the role-play by thanking the coworker (participant) for the work.

You are not to make any comments after the event is over except to thank the participant.
