# It's easy to get started and even easier to manage orders

## How it works

1

### Customer Orders Online

Your customer creates an order to be prepared within 1-60 days. All order details are sent to your email and a driver is assigned

2

### You Make the order

You prep the order for the time selected

3

### Chews handles the logistics

We deliver it to your hungry customers all while providing automated updates about their order

# Catering accounts for 11% of the restaurant market

In 2023 the catering market reached a value of \$72.6 billion and is anticipated to grow to \$124 billion by 2032

## Open up new opportunities

Business Meetings

Holiday Parties

Family Gatherings

Rehearsal Dinners

Social Events

Weddings

Office Lunches

And more!

**CATERING DEMO**

# Automated text and email messages keep your customers in the know

## Custom text updates

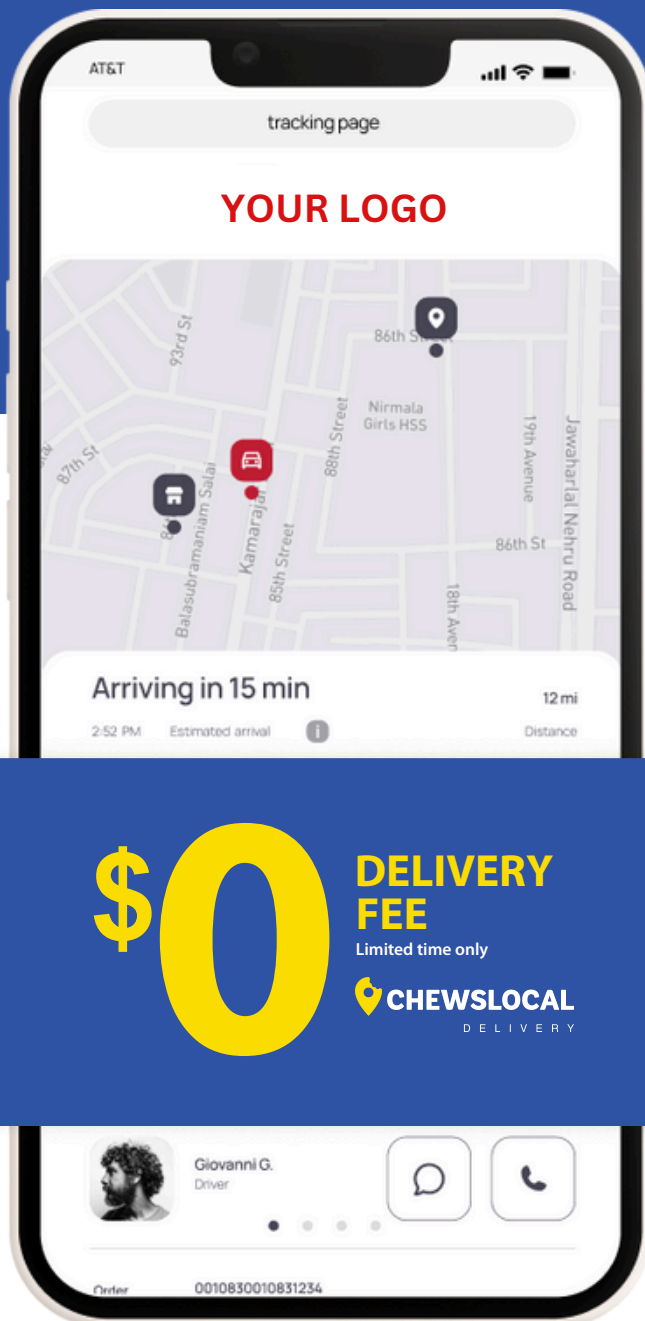

Keep customers up to date with automated, text and email notifications

Include a driver tracking link with a branded landing page to keep your business front and centre

# Custom tracking page sent to every customer

## Driver Tracking

Your customer receives a text message with a live-tracking link.

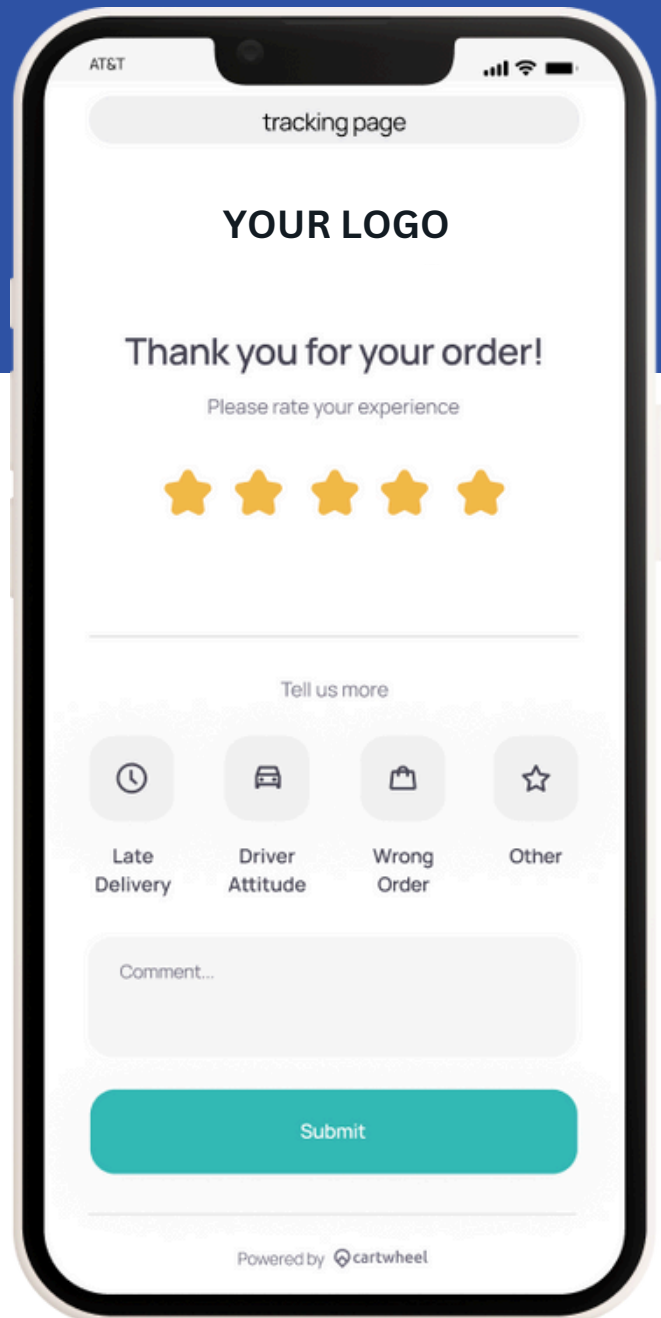

Customize the order tracking page with your brand logo, icons, colours, and promotional banners

# Know how your customer feels, instantly

## Enhance Customer Satisfaction

After every delivery, the customer receives a text with a feedback link.

Be instantly notified when a customer low-rates their order, allowing issues to be resolved quickly.

# | Pricing

**No upfront costs, no monthly fees. Only pay when you get orders**

## **Chews Local Catering**

Grow your revenue by reaching new customers and expanding your product offering

- ✓ Customers can order months in advance allowing for better prep
- ✓ No upfront costs and no monthly fees. Only pay when you get orders
- ✓ You have full control over your own catering menu, pricing, and availability

## **Pricing**

---

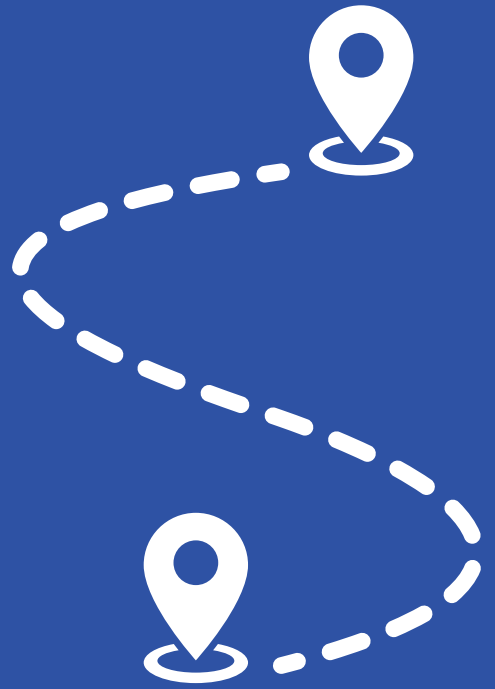

**8%** Includes credit card processing

This includes both pickup and delivery catering orders. Delivery zones range by region but typically extend approximately 15-30km radius from the restaurant.

**Start accepting catering orders in as little as one day with Chews Local**
