

CELESTIAL INNOVATIVE SOLUTIONS

"Quality Quantifies Quantity"

About Us

Celestial Innovative Solutions, LLC (CIS) is an agile, small business that delivers comprehensive and customized professional management and specialist support services, IT enterprise operations solutions and cybersecurity services nationwide. Our team works with the Federal, State and local Government to overcome and stay ahead of complex information security challenges as the current pace of society and technology demands. We focus on the quality which in turn quantifies the work we are able to provide customers ensuring optimal decisions. We provide our proven systems to deliver on this promise.
