EXPERIENCE

UX/UI Designer

Fluent Trade, 2025 (Maternal leave cover)

- Audited design-dev gaps and lack of design system
- Built Figma design system from existing CSS
- Improved team workflow and sped up screen delivery

UX/UI Designer and Web Developer

Freelance, 2021-2026

- Translated user and PM requirements into clear UX flows
- Designed products from scratch (dashboards, mobile)
- Built scalable design systems
- Delivered end-to-end UI from concept to implementation

Back-end Developer

Matrix, 2018-2019

- Built .NET backend for user and medical data systems
- from scratch
- Implemented OAuth and handled complex data flows
