

2026 GRANTS

JONES ELEMENTARY ARCHERY TEAM

Building Confidence One Arrow at a Time

One of the Shooting Sports Association's 2026 grant recipients, Jones Elementary School's (JES) Archery Team is giving students a place to build confidence, practice responsibility, and experience shooting sports in a structured environment.

Through practices, area meets, and hunter education opportunities, young archers learn safe equipment handling, range awareness, scoring, consistency, and respect for others while developing skills that carry beyond the target.

This year, the JES Archery Team represented their town and school at the National Archery in the Schools Program (NASP) National Tournament in Louisville, Kentucky, creating a proud moment for the students and the community supporting them.

As participation continues to grow, so does the need for equipment. With 54 youth participants, Jones Elementary shared that the team does not have enough bows for everyone to shoot together, especially when attending meets. The 2026 Shooting Sports Association grant helps provide additional bows, arrows, and repair supplies, giving more students the opportunity to participate fully.

For these young archers, the impact provides a chance to lead and another way to represent Jones with pride.
