# Introduction

Our holiday programme this summer is bursting with creative adventures inspired by the amazing exhibitions running at Te Atamira in January!

'The Artist' by Julia Holden invites you to explore portraiture, expression, and personality, sparking lots of fun, portrait-inspired art activities.

Meanwhile, 'Notes in the Border, Notes at the River, Notes from the Ocean' will inspire you to explore themes of migration, water, and movement through your own artworks.

Join us to experiment, create, and bring all these ideas to life in your own unique way!
