Why the Charisma CRM?

Our customer relationship management (CRM) platform is a **comprehensive** online sales and marketing solution.

Client Management

Call, SMS, and email your clients directly from our platform.

Manage your reputation with one-click review requests. Track and monitor all reviews from the Customer relationship management (CRM) dashboard.

Appointment Setting

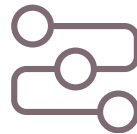

Appointments are automatically added to your calendar. You can also automate communication following an action.

For example, if a prospect cancels an appointment, an email inviting to reschedule can be sent automatically.

Easy to Use Mobile App

With the LeadConnector app, you can communicate with customers, all in the palm of your hand!

Automated Workflows

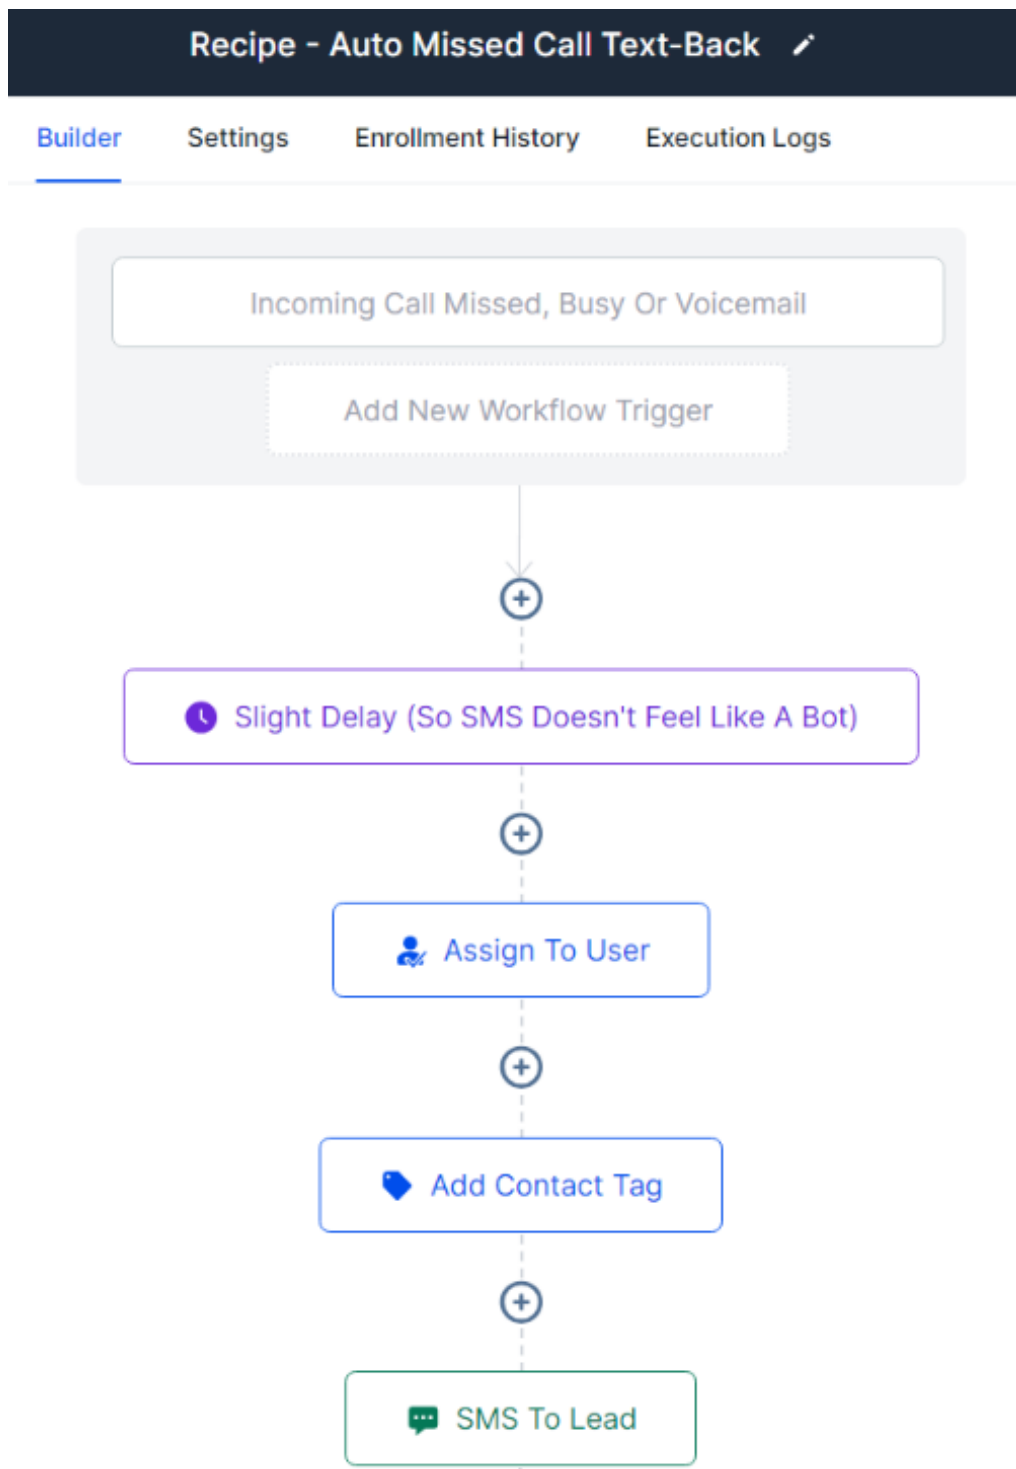

Create automated workflows that follow a specific sequence of events when the prospect performs a certain action.

For example, if the prospect ignores an email, set the workflow to send out an SMS two days later.

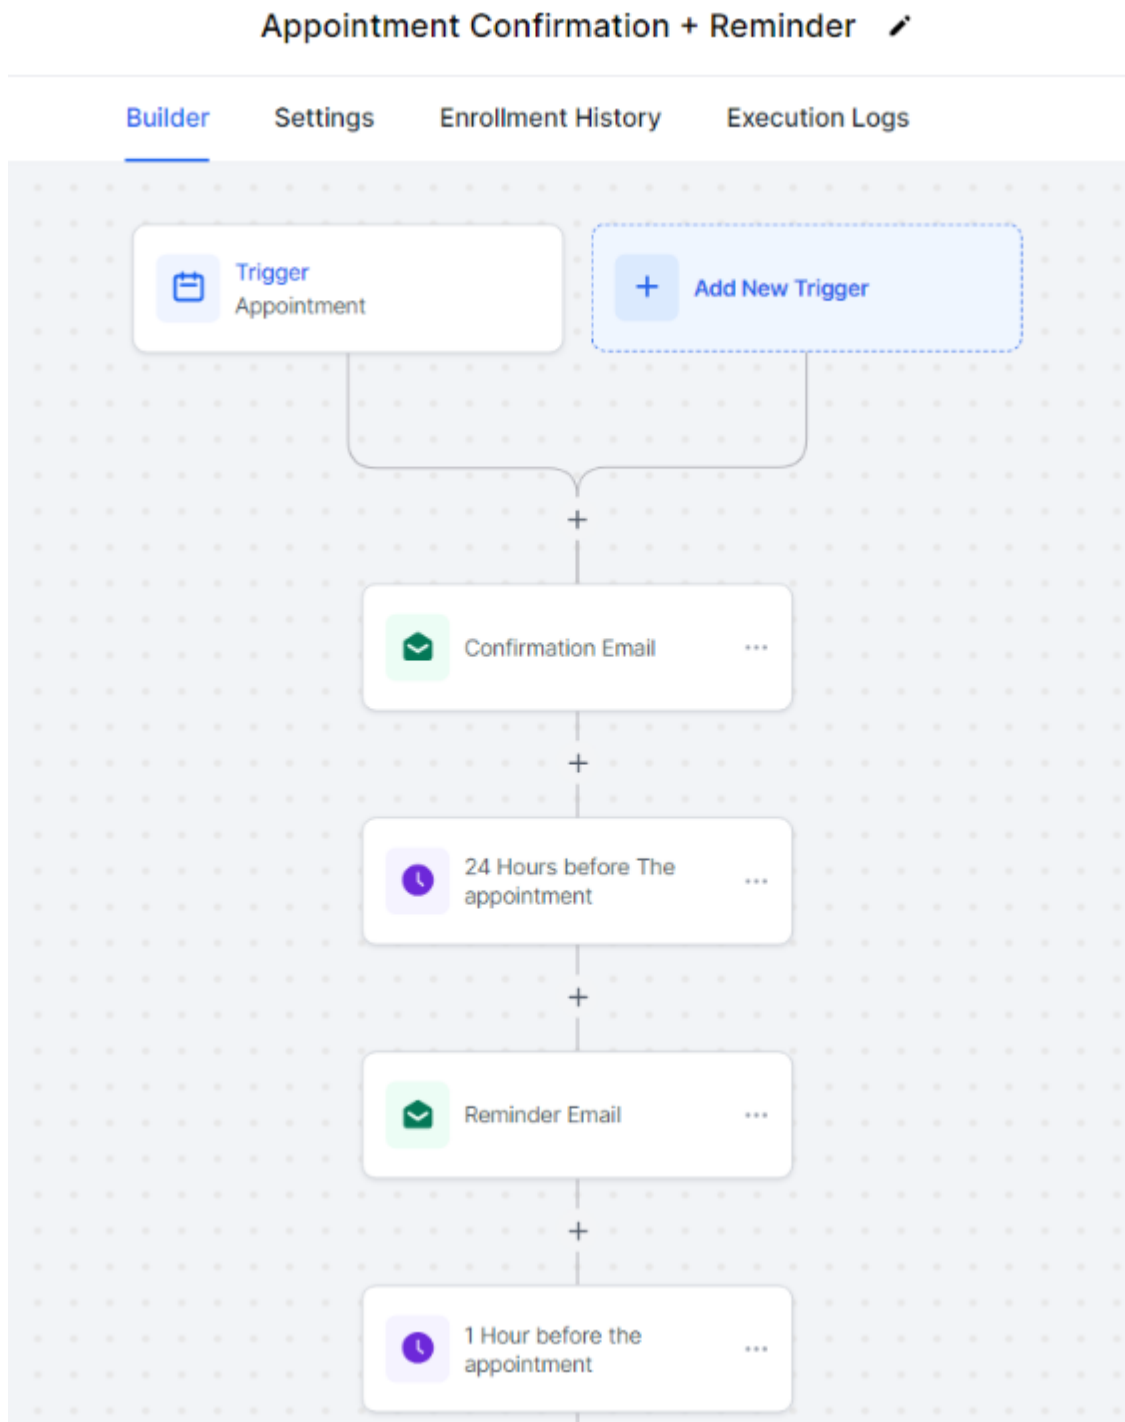

Automations

Missed a call? Text prospects or clients with a missed/call text back feature!

Appointment Reminders

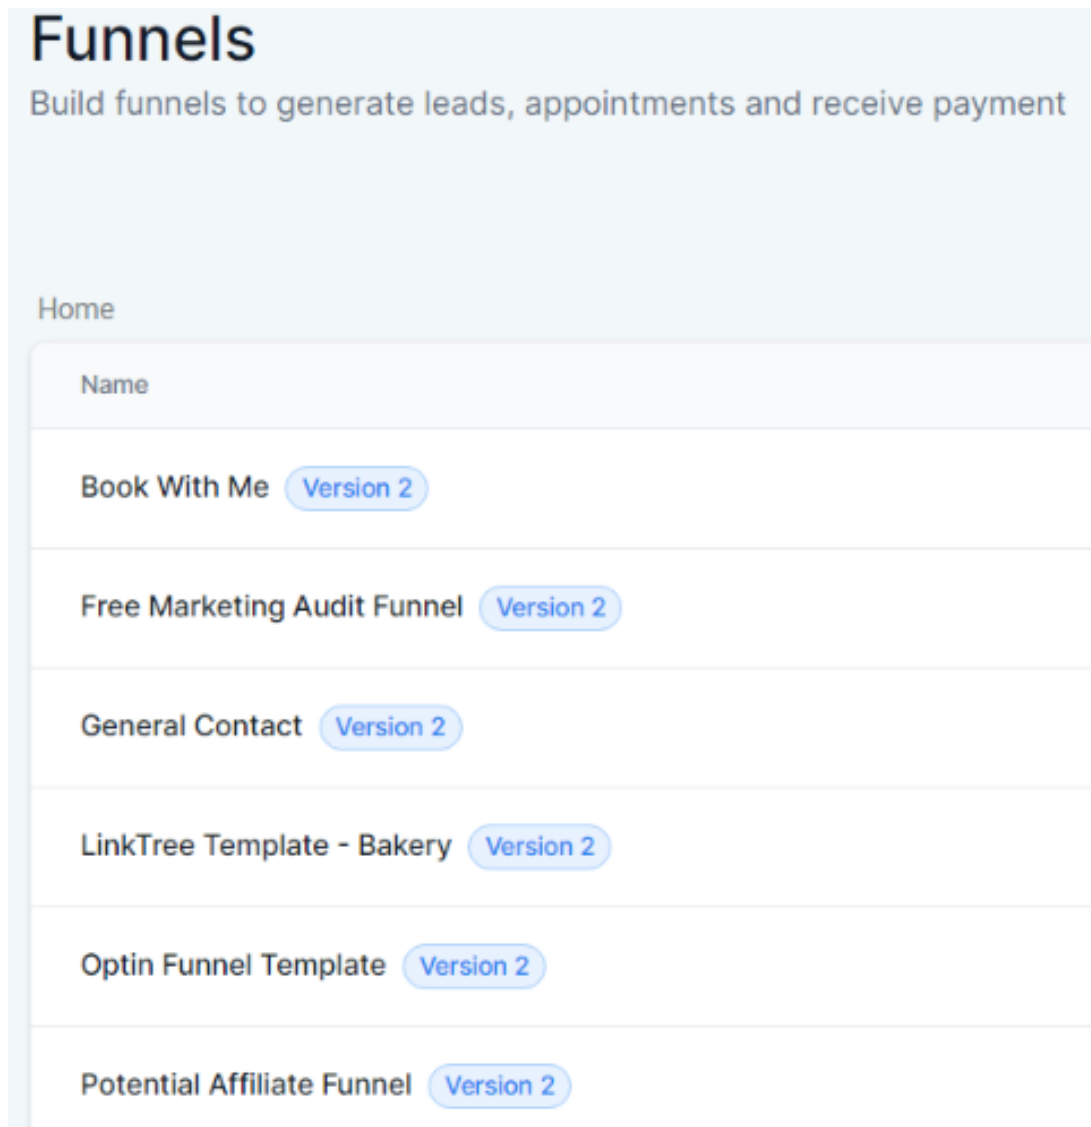

Confirm and remind prospects & clients about appointments

Custom Automations

In our CRM platform, we can help you streamline your business process with automated workflows for:

- Free Ebook email signup forms
- Appointment confirmations & Reminders
- Auto Missed Call Text-Back
- And MUCH more!

Reputation Management

Request reviews through email or SMS and set up reminders that will automatically send if a client hasn't left a review after a certain period.

The screenshot displays the 'Reputation Management' software interface. The top navigation bar includes 'Reputation', 'Overview', 'Requests' (highlighted), 'Reviews', 'Widgets', 'Listings', and a 'New' button. The left sidebar shows a 'Requests' section with a list of contacts: 'Megan Nicole Richards' (MN), 'Megan Test' (MT), and 'Megan Nicole Richards' (MN). The main content area is a 'Client Check In' modal form. The form includes a 'Contact Name' field with a red asterisk and a red error message 'Contact Name is required'. Below this is a 'Contact Phone' field with the placeholder 'Input Contact Phone'. The 'Contact Email' field has the placeholder 'Input Contact Email'. The 'Choose Review Request Mode' section has two radio buttons: 'Review Request SMS' (selected) and 'Review Request Email'. A blue 'Send Review Request' button is at the bottom right of the modal. The background shows a table with columns for 'Sent', 'Status', and 'Date', with rows showing dates like '05/2024' and '03/2024' and statuses like 'Opened', 'Sent', and 'Delivered'.

Showcase Testimonials

Once received, highlight all your GREAT reviews by embedding review widgets on your website!
