

SNAP WAIVER RESTRICTED PRODUCT LIST (RPL)

Diff File Format & Download Access

Incremental change file for tracking additions and removals between RPL releases

This document describes the file format, schema, and download options for the SNAP Waiver Restricted Product List (RPL) Diff file distributed by Sifter Solutions. The diff file lists products that have been added to or removed from the RPL between the current release and the prior release, allowing consumers to apply incremental updates rather than reprocessing the full list.

01 File Format

The RPL Diff is distributed as a single CSV file. The filename includes the date of the current RPL release in YYYYMMDD format, allowing consumers to automate retrieval and ingestion.

CSV FILE	<code>rpl_<rpl id>_diff_<YYYYMMDD>.csv</code>
EXAMPLE	<code>rpl_34_diff_20260608.csv</code>
ENCODING	UTF-8, comma-delimited, double-quoted fields

02 File Definition

Each row in the CSV represents one product change between the previous and current RPL releases. The schema is defined below.

COLUMN	DESCRIPTION
id	The Restricted Product List identifier. Constant within a given list.
upc	The UPC of the product, encoded as a 14-digit GTIN.
product_name	The human-readable product name.
change_type	The type of change: ADDED if the product appears in the current RPL but not the previous; REMOVED if the product appeared in the previous RPL but not the current.
curr_file	The date of the current diff file, in YYYY-MM-DD format.
prev_file	The date of the previous diff file, in YYYY-MM-DD format.

EXAMPLE

```
"id","upc","product_name","change_type","curr_file","prev_file"
"34","00009542451233","Lindt Lindor Assorted White Chocolate Candy Truffles","ADDED","2026-06-08",

"34","00031290161836","Godiva Masterpiece Dark Chocolate & Smooth Caramel","ADDED","2026-06-08",
```

Sample rows from rpl_34_diff_20260608.csv. Header row included for reference.

03 Download Access

SFTP Access

SFTP delivery is available for those that prefer scheduled, credentialed file transfer. Access is provisioned on request and requires approval.

```
HOST          siftersftp.blob.core.windows.net
USERNAME      siftersftp.<rpl id>.<username>
FILE          rpl_<rpl id>_diff_<YYYYMMDD>.csv
```

Provisioning: Contact Sifter Solutions to request an SFTP account. Credentials are issued after approval.
