About Beyond Oil Ltd.

Beyond Oil Ltd. is a food-tech innovation company with over 15 years of dedication to creating solutions that mitigate health risks, reduce costs for food service companies and improve sustainability. The Company's patented technology, with regulatory clearances from the FDA and Health Canada, significantly reduces harmful compounds in frying oil, addressing critical health concerns. Beyond Oil's solution tackles a global issue in the food industry: the widespread practice of reusing frying oil for hundreds of cycles across several days. This practice is common in restaurant kitchens, hotels, catering services, banquet halls, fried food manufacturing plants, and institutions such as schools and military facilities. Beyond Oil's product is backed by extensive research which has highlighted its value in health risks associated with reused oil, including links to cancer and cardiovascular diseases. Beyond Oil provides an effective means to mitigate these risks while offering additional benefits such as improved food quality, operational cost savings, and reduced environmental impact.
