Lakeview Cemetery has been caring for families since 1879. The Sarnia Cemetery Company was incorporated in 1879 under the provisions of the Cemetery Act of 1877 to operate a non-denominational cemetery for the (then) Town of Sarnia. The mayor, Reeve, Sheriff, County Registrar, school inspector, doctors and other leading citizens were some of the original shareholders. After the property of Lakeview was secured, the town council passed a by-law prohibiting any more burials within the town limits and the church cemeteries ceased to function. At that time the existing church burials were removed and relocated to Lakeview Cemetery.

Today we are governed by a volunteer Board of Directors. Daily operations are administered by a General Manager, two Client Services Advisors, along with an operations team consisting of full and part-time crematorium and grounds staff.

At Lakeview we believe families want a single point of care when a loved one dies. To fulfill the wishes of our families we are now Lakeview Cemetery Burial & Cremation Services and carry the license of a Class 1 Funeral Establishment granted by the Bereavement Authority of Ontario. This means from the first call to final disposition we can guide you through all aspects of direct burial or cremation. We are here for you 24 hours a day to help you through the complexities that arise when a death occurs. We are dedicated to providing all families with options that are meaningful, appropriate, and affordable. Call and speak to our funeral service providers with any questions you might have.

Our office is open 9-4:30 Monday to Friday.
Appointments are welcome & appreciated.
