HIGHER LEVELS OF LIVING AT ROYAL OAKS

Royal Oaks offers suites and apartments that accommodate residents who have a variety of supportive needs while still enjoying an amenity-rich lifestyle. These Assisted Living options are in three distinct locations in our community.

ASSISTED LIVING

The Assisted Living Apartments include **56 one-bedroom** and **3 two-bedroom** options on two floors. Personal care is provided in the apartments to include:

- ✓ Meals provided in an elegant dining room that encourages socialization
- ✓ Kitchenette complete with pantry, sink, refrigerator and microwave
- ✓ Large bathrooms, walk-in showers with seat and handheld shower head
- ✓ Easy-to-use Pendant call system for assistance
- ✓ Medication management for residents who are unable to self-manage
- ✓ Easy-access laundry rooms or personal laundry service provided for a fee
- ✓ Flat linen services provided
- ✓ Reminders for meals, activities and appointments
- ✓ Medical appointment and transportation scheduling
- ✓ Activity programming includes scheduled shopping trips and other outings
- ✓ Nurse coordination of care with Home Health, Outpatient therapy, hospice or other services as needed
- ✓ Basic wound care
- ✓ Nurse Clinic 4 days each week
- ✓ Service Plan developed with resident and reviewed/revised at least every 6 months

COMPLETE SUPPORTIVE LIVING

Complete Supportive Living is provided in our Care Center where **57 private rooms** are offered for residents with extensive care needs. These needs may include the use of special equipment to move residents from bed to chair, etc., and caregivers are experienced in providing all support for activities of daily living – dressing, bathing, toileting, dining, mobility and engagement with activities and events that bring joy and reminiscence.

COMPLETE SUPPORTIVE LIVING

High-touch personal care is provided in the neighborhoods to include:

- ✓ Meals provided in café atmosphere that encourages socialization or in room when resident would be more comfortable
- ✓ Private restrooms and large, private spa rooms
- ✓ Pendant call system for assistance and/or bed and chair sensors that detect resident movement, sending alerts to staff devices for assistance
- ✓ Medication management for residents
- ✓ Personal laundry and flat linen services provided
- ✓ Reminders for meals, activities and appointments
- ✓ Medical appointment and transportation scheduling
- ✓ Activity programming that focuses on residents strengths
- ✓ Nurse coordination of care with Home Health, Outpatient therapy, hospice or other services as needed
- ✓ Basic wound care
- ✓ Wellness Nurses on-site 7 days per week
- ✓ Service Plan developed with resident or resident representative and reviewed/ revised at least every 6 months and when resident's needs change significantly

MEMORY CARE SUITES

Memory Care offers **56 private suites**, 14 in each of four neighborhoods designed specifically to support residents who benefit from visual cues. Residents will enjoy a large living and dining area outside their private bedroom, easily seeing the activities of the day from their entry door. Each neighborhood has access to a completely visible secure backyard or upstairs enclosed terrace with beautiful views. Personal or Directed Care is provided in the neighborhoods to include:

- ✓ Meals provided in an open dining setting that encourages socialization
- ✓ Large bathrooms, walk-in showers with seat and handheld shower head
- ✓ Easy-to-use Pendant call system for assistance and/or bed and chair sensors that detect resident movement, sending alerts for assistance
- ✓ Medication management for residents
- ✓ Easy-access laundry areas where staff can provide personal laundering, residents may like to share in this activity
- ✓ Flat linen services provided
- ✓ Reminders for meals, activities and appointments
- ✓ Medical appointment and transportation scheduling
- ✓ Activity programming that focuses on residents memories and strengths
- ✓ Nurse coordination of care with Home Health, Outpatient therapy, hospice or other services as needed
- ✓ Basic wound care
- ✓ Wellness Nurses on-site Monday–Friday
- ✓ Service Plan developed with resident or resident representative and reviewed/ revised at least every 3 months and when resident's needs change significantly
