 - Students desiring to graduate with a diploma from Pullman Christian School must attend two years (junior and senior) as a full-time student and must be able to transfer in the required credits as needed for a general diploma (contact PCS for a list of credit requirements).
 - Included in the application materials is a "Request for Transfer of Credits" form that will need to be completed by the homeschool parent. We recommend providing significant documentation which includes classes completed, dates completed, the textbook/curriculum used, and an overall grade (or semester grades) for the class based on test scores and other

supporting data. Any standardized test scores or SAT, ACT, or PSAT test scores are also requested at this time.

- The student may also be required to take a placement test before admission at Pullman Christian School.
- For a student transferring in for high school, completed credits by the beginning of Fall semester will determine grade level: Freshman: >6, Sophomore: 6-12, Junior: 13-18, Senior: 19+.
