TERMS OF CONTRACT:

The contract shall continue until terminated by the customer or the Company by giving written notice to the other ninety (90) days prior to the date that such party intends to terminate gas service.

SPECIAL PROVISIONS:

Additional gas main and/or service piping and/or additional facilities required for interruptible gas service will be installed at customer's expense. Interruptible gas service must be separately metered from any other gas service use.

Gas service under this schedule shall be subject to interruption, curtailment or discontinuance whenever the Company's supply of incremental product, from which such SNG gas is produced, has been interrupted, curtailed or discontinued. The Company shall give customer forty-eight (48) hours notice of any scheduled interruption, curtailment or discontinuance of gas service. The Company will notify the customer as far in advance as possible of any unscheduled interruption, curtailment or discontinuance.

Any interruption, curtailment or discontinuance of SNG gas shall first be applied to customers receiving gas service under this schedule and the customer shall discontinue or curtail the use of gas under this schedule in the manner set forth by the Company. The Company will not be liable for damages occasioned by such interruption, curtailment or discontinuance and shall have the exclusive right to inspect the customer's premises to observe compliance with the Company's rules and orders with respect to the use of gas under this schedule. Should the customer use any gas under this rate schedule in violation of the Company's orders, the Company shall consider such gas usage as an unauthorized overrun, and the customer shall pay a surcharge of **\$3.50** per therm for all therms of unauthorized overrun gas used. This penalty charge shall be in addition to all other charges provided in this schedule. Payment of an unauthorized overrun penalty shall not under any circumstances be considered as granting the customer the right to use gas on an unauthorized overrun basis.

(continued)

RATE:

Customer Charge:	per month	\$1,000.00
Commodity Charge:	(Applicable to all therms usage in the billing month)	
All therms usage:		\$3.30584 per therm

MINIMUM MONTHLY CHARGE:

Sum of: Customer Charge, plus the greater of either (1) the Commodity Charge multiplied by therms actually used or (2) **85% of contracted therms** on a levelized per-month basis multiplied by the Non-Fuel Rate plus therms actually used multiplied by the Fuel Rate. Note any fuel minimums per the customer's GSA will be assessed in addition to the minimum monthly charge identified herein.

TERMS OF CONTRACT:

Customers taking service under this rate schedule for power generation uses shall be under contract for an initial period of not less than ten (10) years. After the initial term, the contract shall remain in effect unless terminated by the customer or the Company giving written notice to the other. After the initial term, either the customer or the Company may request modification to the contracted capacity by giving written notice to the other no later than six (6) months prior to the requested date of contract modification. During the initial term of the contract, the customer will be financially responsible to pay the minimum monthly charges regardless of the customer choosing to curtail, reduce, suspend, or terminate service. After completion of the initial contract period, customer may choose to terminate the contract by paying an exit fee equivalent to the remaining term of minimum monthly charges to which the customer is contractually obligated. Any load additions in excess of the contractually specified maximum therms on a monthly basis shall require a new contract between the customer and the Company, unless modification of the existing contract, including extension of the initial contract period, is mutually agreed to by customer and the Company.

Collateral Requirements:

A customer, if not having both (a) a credit rating of at least A- from S&P Global Inc. and A3 from Moody's Corporation (or comparable rating by a rating agency if such rating agencies no longer exist), and (b) cash and cash equivalents, as shown on a balance sheet prepared in accordance with Generally Accepted Accounting Principles ("GAAP") and audited by a qualified accounting firm of greater than ten (10) times the Collateral Requirement, must provide collateral at the time of signing a contract for service equal to 50% of the total minimum charges over the full term of the contract ("Collateral Requirement"), calculated based on effective rates at the time the Collateral Requirement is due. Collateral must be provided in one of either:

1. Cash for the full Collateral Requirement; or
2. A standby irrevocable letter of credit ("Letter of Credit") for the full Collateral Requirement. The Letter of Credit must be issued by a U.S. bank or the U.S. branch of a foreign bank, which is not affiliated with the customer or its guarantor, with a Credit Rating of at least A- from S&P and A3 from Moody's (or comparable rating by a rating agency if such rating agencies no longer exist). Such security must be issued for a minimum term of 360 days. The customer must cause the renewal or extension of the security for additional consecutive terms of 360 days or more no later than 30 days prior to each expiration date of the security. If the security is not renewed or extended as required herein, the Company will have the right to draw immediately upon the Letter of Credit and be entitled to hold the amounts so drawn as security. The Letter of Credit must be in a format acceptable to and approved by the Company.

The amount of the Collateral Requirement will be reduced by one year's minimum charges for each year the customer takes service and makes on-time service payments under the terms of all applicable contracts with the Company.
