#### **EXCLUSIONS – WHAT IS NOT COVERED**

**This Limited Warranty does NOT provide coverage for any following parts, services, or conditions:**

**Battery, Spark Plugs, Cables, Drive Belts, Air Filters, Front / Rear Brake Pads, Bushings , Light Bulbs, Fuses, Rubber Parts, Seats, Misc. Hardware, Mirrors, Rubber Gaskets, Front / Rear Tires, Front / Rear Rims, Gear / Engine Oil, Front / Rear Brake Rotors, Bearings, Floor Boards / Plastics / Fuel Filters / Steering Wheels and Motor Mount Bushings/Coolant/Brake Fluid/Engine Seals, Ski(Snowmobile)/ Wheels(Snowmobile)/ Drive Shaft Assy(Snowmobile)/ Track(Snowmobile), any other part that is considered wear and tear, water damage, accident damage, race modified or raced.**

- **Attempt to avoid sand and salt as these can accelerate erosion of wear and tear parts.**

**Physical abuse or misuse of the product or operation of the product in a manner contrary to the provisions of its owner's manual; damage caused using any non—AODES attachment, implement, accessory or part; damage caused by submersion in water, mud, sand, or other naturally occurring elements.**

#### LIMITED WARRANTY PROVISIONS

**Your Responsibilities:** Owner must maintain all service records of work performed on the product. All AODES products require a dealer pre delivery inspection, to be performed at time of sale, to ensure proper operation, safety, and limited warranty validation. All AODES products require final assembly by the franchised dealer.

**Termination of Coverage:** Coverage under this Limited Warranty will terminate if any of the following *occur*. any replacement parts used on the vehicle other than genuine AODES brand parts; any modifications other than non—interfering cosmetic parts; regular maintenance and service is not performed as prescribed by the owner's manual during the Limited Warranty term, including, but not limited to, first scheduled 5 hour or 160 km maintenance and first 5 hours less than half throttle break in period.

**Break-in Period:** The break in period serves as a gentle time period of use to allow for all working parts to work into their function. The break in period is simple, for the first 5 hours or 160 km to keep the unit at no more than half throttle and stay away from any extreme riding. Once this time period has passed, the unit should receive a similar PDI inspection that was done at the dealer to ensure no parts have become loose.

**Service Points:** Service points are crucial for unit preventative maintenance. Regular maintenance is required to maintain **Your** coverage under this Limited Warranty as **You** would change the oil in **Your** normal motor vehicle. Regular maintenance is not covered under this Limited Warranty but at the cost of the unit owner. **Keep records of Your maintenance visits in case they are requested during the term of this Limited Warranty.**

#### CLAIM PROCEDURES

1. Take immediate action to prevent further damage. This Limited Warranty will not cover damage caused by not securing a timely repair of the failed component.
2. Take Your vehicle to any Aodes authorized dealer or service center, or You may contact the Administrator for assistance.
3. No claim payments will be made if the Administrator has not issued a claim approval reference number prior to repairing, replacing, or cleaning any parts. You must authorize any charge(s) necessary to determine the cause of a breakdown under the terms of this Limited Warranty.
4. If the breakdown is approved under the terms of this Limited Warranty, the Aodes authorized dealer or service center will be reimbursed for the cost of the repairs at no cost to You.
