YELLOW SPONGES (6pk)

**CASE
6pk x 36**

**LAYER
4**

**PALLET
20**

This is a dual-sided kitchen sponge, commonly used for dishwashing and general cleaning. It features a soft, yellow foam side for gentle wiping and absorbing liquids, while the green abrasive scrubber side is designed for tougher cleaning tasks, such as removing grease and stuck-on food from pots, pans, and dishes. This type of sponge is durable, reusable, and an essential household cleaning tool.

CATERING GREEN PADS (10pk)

**CASE
10pk x 24**

**LAYER
4**

**PALLET
24**

Green catering pads are durable, heavy-duty scouring pads designed for professional kitchens and food service environments. Made from tough, abrasive fibers, they effectively remove grease, grime, and burnt-on food from cookware, grills, and kitchen surfaces. Their non-clogging, open-weave structure ensures long-lasting performance, making them ideal for high-use areas.

**SOFT WIRE
SPIRAL
SCOURERS (10pk)**

**CASE
10pk x 15**

**LAYER
7**

**PALLET
49**

Spiral scourers are durable, tightly coiled metal cleaning tools designed for heavy-duty scrubbing. Made from stainless steel or galvanized wire, they effectively remove tough grease, burnt-on food, and stubborn stains from pots, pans, grills, and ovens. Their spring-like structure provides flexibility, allowing them to conform to different surfaces for a thorough clean. spiral scourers resist rust, odors and bacteria buildup.

SCOURERS (10pk)

**CASE
10pk x 30**

**LAYER
4**

**PALLET
20**

Scourers are heavy-duty cleaning tools made from tightly coiled stainless steel or galvanized metal wires. Designed for tough scrubbing tasks, they effectively remove burnt-on food, grease, and stubborn stains from pots, pans, grills, and ovens. Their abrasive yet flexible structure allows them to reach into crevices and corners, ensuring a deep clean without falling apart easily.

WASHING UP LIQUID

**CASE
2 X 5L**

**LAYER
12**

**PALLET
60**

Brilla Washing Up Liquid is a powerful dishwashing solution designed to cut through grease and leave dishes sparkling clean. Its high-foam formula effectively removes food residue, oil, and stubborn stains from plates, glasses, and cookware. Gentle on hands yet tough on grime, it ensures a thorough clean without excessive scrubbing. The fresh fragrance leaves dishes smelling pleasant.

THICK BLEACH

**CASE
2 X 5L**

**LAYER
12**

**PALLET
60**

Brilla Thick Bleach is a powerful disinfectant formulated to kill germs and eliminate tough stains. Its thick, clinging formula ensures deep cleaning and long-lasting protection on toilets, sinks, and drains. Effective against bacteria and viruses, it helps maintain hygiene in kitchens, bathrooms, and high-touch areas. The bleach removes limescale, soap scum, and stubborn grime while leaving surfaces fresh and sanitized.

HARD SURFACE CLEANER DEGREASER

**CASE
2 X 5L**

**LAYER
12**

**PALLET
60**

Brilla Hard Cleaner Degreaser is a powerful multi-surface cleaner designed to tackle tough grease, grime, and dirt. Its high-strength formula breaks down stubborn oil, food residues, and stains on kitchen surfaces, floors, and equipment. Ideal for professional and household use, it works effectively on stainless steel, tiles, and worktops, restoring cleanliness with minimal effort.

Brilla

LEMON FLOOR GEL

**CASE
2 X 5L**

**LAYER
12**

**PALLET
60**

Lemon Floor Gel is a powerful cleaning solution that delivers exceptional results on hard floors. Infused with a fresh lemon scent, it effortlessly removes dirt, grime, and stains, leaving your floors sparkling clean and refreshed. This gel formula is specially designed to cling to surfaces, ensuring thorough cleaning without excessive dripping. Ideal for use on a variety of hard floor types.

BLUE CENTREFEED ROLL & EXTRA HEAVY DUTY

BLUE ROLL	HEAVY DUTY
CASE 6pk	CASE 6pk
LAYER 8	LAYER 7
PALLET 80	PALLET 70

Blue Centrefeed Roll & Extra Heavy Duty is a versatile and highly durable paper roll designed for tough cleaning tasks. Ideal for industrial and commercial settings, it offers excellent absorbency, quickly soaking up liquids and spills. Its strong, extra-heavy-duty construction ensures it withstands heavy-duty use, making it perfect for environments that require reliable performance.

MINI JUMBO TOILET ROLL

**CASE
12**

**LAYER
7**

**PALLET
84**

A mini jumbo toilet roll is a compact, efficient alternative to standard toilet paper rolls, offering a high capacity in a smaller size. Designed to fit into mini jumbo dispensers, these rolls are ideal for high-traffic areas like public restrooms or offices. Made from soft, absorbent paper, they ensure comfort and reliability while minimizing the need for frequent refills.

JUMBO TOILET ROLL

**CASE
36**

**LAYER
6**

**PALLET
66**

A jumbo toilet roll is a large, high-capacity toilet paper roll designed for frequent use in busy environments like offices, hotels, and public restrooms. Offering a substantial amount of paper, it reduces the need for constant refills and ensures efficiency. Made from soft, absorbent material, it provides a comfortable experience while maintaining durability. Its design fits into jumbo dispensers.

**WHITE
CENTREFEED
ROLL**

**CASE
6**

**LAYER
7**

**PALLET
70**

Spiral scourers are durable, tightly coiled metal cleaning tools designed for heavy-duty scrubbing. Made from stainless steel or galvanized wire, they effectively remove tough grease, burnt-on food, and stubborn stains from pots, pans, grills, and ovens. Their spring-like structure provides flexibility, allowing them to conform to different surfaces for a thorough clean. spiral scourers resist rust, odors and bacteria buildup.

ACTIVE PRO BLUE CENTREFEED ROLL

**CASE
6**

**LAYER
7**

**PALLET
80**

Active Pro blue centrefeed roll is a highly absorbent paper towel, designed for efficient use in demanding environments. Wound in a continuous sheet, it allows for easy, one-handed dispensing, making it ideal for kitchens, workshops, and industrial settings. The blue color helps to distinguish it for hygienic purposes, particularly in food handling areas. Its strong, durable texture ensures effective cleaning.

No.16 & No.20 MOPHEAD

No.16	No.20
CASE	CASE
50	50
LAYER	LAYER
250	250
PALLET	PALLET
1400	1250

The No. 16 and No. 20 mopheads are durable, high-quality cleaning tools designed for heavy-duty use. Made from absorbent fibers, they effectively soak up liquids and dirt, making them ideal for large surfaces in commercial and industrial settings. The No. 16 mophead is perfect for smaller areas, offering great maneuverability, while the larger No. 20 mophead is suited for larger spaces that require faster coverage.

WOODEN MOP/ BROOM HANDLE

**CASE
20**

**LAYER
7**

**PALLET
56**

A wooden mop/broom handle is a sturdy, durable tool designed for use with mops and brooms in cleaning tasks. Made from high-quality wood, it offers strength and stability, ensuring long-lasting performance. Its smooth finish provides a comfortable grip, reducing strain during extended use. The handle is lightweight yet robust, making it easy to maneuver while providing optimal control.

**VINYL GLOVES
BLACK, BLUE, CLEAR**

**CASE
10x100**

**LAYER
10**

**PALLET
70**

Vinyl gloves are disposable hand coverings designed for hygiene and protection in various tasks. Made from high-quality synthetic materials, they offer durability and flexibility for extended use. Their smooth texture ensures a comfortable fit, reducing hand fatigue during prolonged wear. The gloves are lightweight yet strong, providing reliable barrier protection against contaminants.

**NITRIL GLOVES
BLACK, BLUE, WHITE**

**CASE
10x100**

**LAYER
10**

**PALLET
70**

Nitrile gloves are durable, disposable hand coverings designed for protection and versatility. Made from high-quality synthetic rubber, they offer excellent resistance to punctures, chemicals, and oils. Their textured surface ensures a secure grip, enhancing precision and control during tasks. They provide a snug yet comfortable fit, reducing hand fatigue during extended use.
