Item 4 Other Business Activities

A. Investment-Related Activities

Registered representative of a broker-dealer

Advisor also carries the securities licenses required by FINRA (Financial Industry Regulatory Authority) to offer securities products and execute securities transactions separately from their registration as an Investment Advisor Representative providing investment advice. This additional licensing allows advisors a more robust suite of products to offer to their clients. Registration, supervision, and continuing education are all requirements for maintaining this type of registration.

Conflicts that may arise for holding this type of license would be in cross-selling. Such a conflict could be selling out of an advisory account and buying in a securities account and thereby generating a commission for the representative. Other conflicts that could occur would be moving monies from an advisory account into a commission account to affect a commissionable trade.

The types of commissions that may be earned on these types of accounts/products could be any one of the following:

1. Mutual Fund 12b-1 commissions
2. Mutual Funds Trail Commissions
3. Direct Product Sponsor Commissions

Other investment-related business

Licensed as an insurance representative allows the advisor to offer various insurance products such as Variable Annuities, Life Insurance, and Long-Term Care insurance. Typically, these products generate commission payments to the representatives selling the products. The ability to offer these products to clients allows the advisor a much more robust suite of products and thereby providing the client with a much more comprehensive financial plan.

B. Non-Investment-Related Activities

Mr. Krause is also a consultant for Gerson Lehman Group. Compensated as a Consultant on financial matters.

Mr. Krause is also a FINRA arbitrator for compensation.
