## NEW PERSPECTIVES ON STORAGE AND FURNITURE

For 3daysofdesign Stillark presents a curated selection of new additions that expand our universe. Rooted in our architectural heritage these pieces carry our well known lines and signature colors into new territories ranging from sculptural furniture to refined storage solutions. It is an evolution of the aesthetic you already know designed to celebrate honest craftsmanship and enduring quality.

PRESS RELEASE JUNE 2026

## FUNCTIONAL AESTHETICS EVOLVED

We believe that great design should feel like a natural extension of the home. By applying our recognizable geometry and palette to new typologies we have created furniture and storage solutions that solve everyday needs without compromising on visual calm. Explore the latest evolution of the Stillark design language during 3daysofdesign. We cannot wait to show you the full collection.

## FAMILIAR LINES NEW FUNCTIONS

Our latest perspective focuses on objects that balance between practical solutions and sculptural elements. Whether it is standalone furniture or our new series of storage cabinets each piece is designed to integrate seamlessly into the modern home creating a perfect balance between functional order and aesthetic tranquility.
