PRESS NOTE

HOUE NEW DESIGNS 2026 / 2027

HOUE presents a strong lineup of new designs for the 2026 season, continuing its focus on comfort, clarity, and contemporary outdoor living. Additional 2027 news will follow once the final specifications and images are available.

The new launches build on HOUE's Scandinavian design DNA across the 2026-2027 collections, combining refined aesthetics with durable materials and thoughtful functionality – designed to perform beautifully across both private and professional spaces.

From updated expressions within our core collections to carefully considered new additions, each design reflects HOUE's commitment to quality, longevity, and responsible design choices.
