## **Greenlandic Design Showcased at 3 Days of Design in Historic Setting**

10-12 June 2026, the Greenland Representation in Copenhagen will take part in *3 Days of Design*, presenting an exhibition of the Greenlandic designer Nickie Isaksen and her brand, *Isaksen Design*.

Set in the historic premises at Strandgade 91 - a former warehouse dating back to 1767 with strong ties to trade between Denmark and Greenland - the exhibition features a selection of Isaksen's timeless and sustainable designs. Her collections are handcrafted and drawing inspiration from Greenland's nature, history, and spiritual traditions.

Born in Paamiut and raised in Nuuk, Nickie bridges cultures and brings Greenlandic identity into a contemporary, international design context with many visual references to the ancient Inuit culture.
