

# HYFER OBJECTS

ÅRETS  
INSPIRATOR  
2026

## HYFER OBJECTS

*Här blir designen ett samspel mellan hand och tanke,  
objekten växer fram genom experiment och reflektion.  
Formspråket inspirerar till långsamt, närvaro och  
en djupare relation till det vi omger oss med.  
Alltid med omsorg om jordklotet.*

## PRESS RELEASE

Hyfer Objects named Årets Inspiratör by ELLE Decoration Sweden  
Stockholm, Sweden

Hyfer Objects has been awarded the ELLE Deco Design Award Årets Inspiratör (Inspirer of the Year), recognizing the design studio's distinctive contribution to contemporary design and its ability to inspire new ways of thinking about objects, materials and space.

“This years theme revolves around the renewal of craftsmanship. With a focus on materials, artistry and long-term quality, design is celebrated as function meets poetry and tradition meets experiment”, says editorial director Mari Janson.

“Being named Inspirer of the Year by ELLE Decoration Sweden is incredibly meaningful to Hyfer Objects” said founder Kristina Tjäder. “We continue to work with new materials as well as new production methods. We challenge the conventional and the recognition of this award feels like an encouragement to keep exploring.”

“Design today has the power to shape not just how things look, but how they are understood and used,” founder Sara Stendebakken added. “To be recognized for inspiring others within that conversation is both rewarding and motivating.”

## About Hyfer Objects

Hyfer Objects is a Stockholm-based design studio dedicated to pushing the boundaries of artistic expression through innovative materials and cutting-edge production methods.

Primarily working with waste materials, Hyfer Objects believe true innovation lies beneath the surface of what's overlooked, discarded, or forgotten. Inspired by nature's silent intelligence, they work radically to shift how materials and objects are valued, used, and reborn for a sustainable future.
