## **CASAgent Co-Hosts Longe Table Dinner During 3Daysofdesign**

CASAgent is proud to announce its role as co-host of an exclusive long table dinner during this year's **3daysofdesign**.

The event takes place in collaboration with 3XN, set within their striking space at Kanonbådschurene.

Bringing together design, craftsmanship, and culinary experience, the dinner will showcase CASAgent's handcrafted ceramics in a refined table setting that reflects the brand's Scandinavian roots and Italian production heritage.

Guests are invited to experience a curated atmosphere where form, texture, and materiality enhance both visual and sensory aspects of the evening.

Hosted in the architecturally distinctive environment created by 3XN, the long table dinner offers an intimate setting that highlights the intersection of design and everyday rituals. The historic character of Kanonbådschurene provides a unique backdrop, merging contemporary design with cultural heritage.

As co-host, CASAgent emphasizes its dedication to craftsmanship, presenting ceramics designed in Denmark and handmade in Italy - each piece contributing to tactile and authentic dining experience.

This collaboration reflects a shared vision of celebrating design through meaningful encounters, where objects, spaces and people come together around the table.
