

Scandinavian Design Embassy  
10-12 June / 3daysofdesign

# Scandinavian design on the move

Exploring the new directions, ideas and voices shaping contemporary  
Scandinavian design

**Join us for drinks Thursday 11 June at 16:00-17:00**

to celebrate Scandinavia Design on the Move.

Drop in, explore the exhibition, and meet the people shaping today's Nordic design scene. The showcase brings together a selection of objects that reflect how we live, work, and interact in the Nordic region today—highlighting shared values, materials, and aesthetics. Participating brands present both individual works and collaborative installations, creating a dialogue across practices.

You'll have the chance to chat with the makers, connect with fellow designers and industry friends at the Embassy of Finland in the heart of Copenhagen, an intimate premises rarely open to the public.

Featuring Mifuko, Finarte, Lapuan Kankurit, Andrea Tsang, Forming Function, Gemla, Hyfer Objects, G.A.D. & Wroom Furniture.

Kindly **RSVP** by 5 June

Scandinavian Design Embassy is a collaborative initiative aimed at promoting Nordic companies internationally at Nordic Embassies worldwide. Bringing together key organizations – including the Finnish Design Embassy, Norwegian Design Industry, the Swedish Institute, and Svensk Form – the initiative strengthens the innovative and sustainable design principles that define the Nordic region.
