

Piko SCREEN CAPTURE

Transforming Screens into Secure Surveillance Feeds

Piko **SCREEN CAPTURE** is a cutting-edge solution designed to enhance the surveillance capabilities of various industries, particularly focusing on recording screen activities in real-time. This product is a part of the esteemed PikoVIDEO line, known for its advanced video management systems.

Piko **SCREEN CAPTURE** is ideally suited for financial institutions, retail businesses, and any organization that utilizes ATMs, ITMs, or POS systems. Its versatile application ensures that whether it's a withdrawal, deposit, or purchase, every transaction is securely recorded and monitored.

Key Features

- **Comprehensive Screen Recording:** Seamlessly captures every transaction, providing clear visual evidence of the user interface during ATM, ITM, and Point of Sale operations.
- **Enhanced Security and Compliance:** Offers invaluable support in dispute resolution, fraud prevention, and regulatory compliance, ensuring transactions are conducted securely and transparently.
- **Easy Integration:** PikoTERMINAL integrates effortlessly with existing systems, providing a plug-and-play solution that enhances security without disrupting current operations.
- **Real-Time Monitoring:** Enables live viewing of transactional screens, allowing for immediate response to any suspicious activities or operational issues.

Benefits

- **Fraud Mitigation:** Drastically reduces the risk of skimming, phishing, and other fraudulent activities by providing a direct view of the transactional interface.
- **Operational Transparency:** Ensures all transactions are recorded and easily retrievable, fostering trust and confidence among customers and stakeholders.
- **Dispute Resolution:** Streamlines the process of investigating and resolving transaction disputes, saving time and resources.
- **Regulatory Compliance:** Assists in meeting stringent regulatory requirements by maintaining a comprehensive record of all transactions.

Conclusion

With Piko **SCREEN CAPTURE**, Cook Solutions Group reaffirms its commitment to providing advanced security solutions that meet the demands of the modern transactional landscape. PikoTERMINAL is not just a tool; it's a shield that protects the integrity of every transaction, ensuring peace of mind for businesses and their customers alike.
