## PROMOTION & RELEGATION FOR THIS SEASON

- The team finishing last in the OPL 1 will be relegated to the OPL 2 (previously League1 Ontario Championship) for 2027. The second-last team will enter the promotion/relegation playoff match against the second-best team from this year's OPL 2 season, the winner of which plays in the top flight for 2027 and the loser of which will play in OPL 2.
- The OPL 2 is, likewise, a single-table format; the first-placed team will be promoted to OPL 1, second place enters the pro/rel playoff, and the last-placed team will be relegated to the third tier – now known as OPL 3, previously League2 Ontario.
- OPL 3 will continue to be divided into three regional conferences (Northeast, Central, Southwest) for both the men's and women's competitions. Each team will play a 14-game regular season, after which the winner of each conference advances to the playoffs. The best second-placed team by points from the three conferences also qualifies for the playoffs, which will consist of a semifinal round and a final.
- As in other years, the champion of OPL 3 will have the option to accept promotion to OPL 2. If they reject promotion, then a promotion playoff will be held between the top two 'A' teams in OPL 3 by total points (regardless of conference). Each club's main first team in the OPL structure is to be considered an 'A' team, with many 'B' teams also playing in OPL 3.

The Manitoba Soccer Association and Saskatchewan Soccer Association announced a new licensing agreement with Canadian Soccer Business to launch the Prairies Premier League, joining Canada's national system of elite pro-am soccer competitions beginning this spring.

Kicking off in May, the Prairies Premier League represents the highest level of domestic pro-am soccer in Manitoba and Saskatchewan, providing a clearly defined competitive environment for top players, clubs, and coaches across the region. Operating within the Premier Soccer Leagues Canada system – part of Canadian Soccer Business's league portfolio – the league will apply a nationally aligned pro-am model while remaining grounded in regional leadership and local soccer communities.

Developed through collaboration between MSA and SSA, the Prairies Premier League will apply the competitive and development model proven nationally under the League1 brand to address a long-standing gap for athletes in smaller provinces seeking consistent, high-level competition beyond the youth game, while also supporting the development of coaches, referees, and soccer organizations across the region.
