OUTCOME OF SKILLS SA AUDIT

Dear Ms Graham,

Thank you for your cooperation with Skills SA's audit process to assess the compliance of Warner Group Pty Ltd (RTO Code 21622) against its Funded Activities Agreement (FAA).

The audit has now concluded, and the overall audit outcome is satisfactory. Please see below for feedback from Skills SA on two of the auditable items below.

1) Website Compliance

Clause 22 of the [FAA's Skills Agreement](#) requires RTO websites and promotional materials to display a Government of South Australia logo or a 'Supported by Government of South Australia' statement. The audit team noted that once the relevant course is selected on Warner Group Pty Ltd's [website](#), the Government of South Australia logo is clearly visible on a separate [Fees and Funding](#) subpage. As an opportunity for improvement, Warner Group Pty Ltd is asked to consider including the Government of South Australia logo on the [main landing page](#) so that it is more prominent.

2) Working With Children Checks (WWCC) and Child Safe Environments

At the time of the audit, Warner Group Pty Ltd did not enrol any students under 18 years of age. Warner Group Pty Ltd also confirmed in writing that it does not deliver training to students under 18 years of age. Consequently, Skills SA has accepted Warner Group Pty Ltd's advice that RTO personnel are not required to hold a Working With Children Check (WWCC) or have completed Child Safe Environments training. Should Warner Group Pty Ltd elect to enrol students under 18 in the future, Warner Group Pty Ltd is asked to ensure it complies with the child safety obligations outlined in Skills SA's [Safeguarding children and young people in VET](#) policy.

Skills SA will organise an extension to Warner Group Pty Ltd's FAA shortly. If you have any questions or would like to meet to discuss the results or any concerns, please email SkillsContracts@sa.gov.au.

Yours sincerely

Peter Kennedy
