

NST

Dear friend,

Welcome to On the Radar - your monthly NST newsletter! We're here to give you the news on all things NST. This month, we've got news on a new hire, a case study about an IROL recipient, and a few events that we're tracking in July 2024.

New Hire Spotlight - Patrick Tierney

NST is excited to welcome the newest member of the NSTeam, Patrick Tierney!

Patrick recently graduated from The University of Wisconsin - Madison with a B.S. in Computer Sciences. Patrick is eager to bring his CS knowledge to the consulting team to assist in all things NERC CIP! Patrick is also putting on his "sales hat" to engage in customer outreach, contracting, and marketing initiatives. His go-get-em attitude and eagerness to learn make him a welcome addition to the team.

Welcome, Patrick!

Case Study - What to do when you get that IROL notification?

Does the prospect of an IROL letter keep you up at night? We get it. Click the link below to read about how NST supported a Registered Entity through the entire process and beyond.

We ❤️ our clients

"When you are stuck between a rock (a NERC CIP audit) and a hard place (time!), NST is your new best friend."

– Doug Whitworth

Compliance Manager

Wind Energy Transmission Texas, LLC
