The Experience Platform— Now on Google Cloud

Napster Spaces turns static content into intelligent, AI-driven experiences that activate audiences, train teams, and accelerate brand engagement.

Built for marketers, educators, and leaders who need more than video or chat, Napster Spaces delivers two-way interaction through AI companions with real-time insights — without the complexity or cost of legacy systems.

With Napster Spaces + Google:

- **Native to GCP:** secure, scalable, and reliable
- **Integrated** with Vertex AI
- Shopify and additional commerce connectors for **seamless activation**
- SOC 2 Type II, GDPR & CCPA **compliant**

The Advantage:

- **30–50%** faster time-to-value
- **End-to-end experience engine** — from activation to insight
- **Predictable, usage-based pricing** that scales without surprises
- **Costs** can start as low as $1 per active session hour at scale
- **Enterprise-grade compliance** with SMB-friendly simplicity

Connect & Activate

Available on **Google Cloud Marketplace.** Talk to us to design your next AI-powered experience — faster, smarter, and simpler.
