

# Bend-La Pine Schools

Bend, OR

## Staggered Implementation by Grade Band

### How it's implemented

Bend-La Pine Schools use Wayfinder in K-12 classrooms districtwide.

To ensure a successful rollout, they began implementation with maximum flexibility for the schools that needed it. While middle school advisories offered a solid anchor for a tailored scope + sequence from year one, elementary and high schools expanded to full implementation by years two and three, respectively.

Year Started

#### Walk

##### Offering Multiple Access Points Across Grade Bands

Elementary schools use the Activity Library + Waypoints, with the ability to opt in to the Core Curriculum.

Middle schools fully implement Wayfinder Core in Advisory + Health.

High schools have opt-in access to the Activity Library + Waypoints.

#### Jog

##### Expanding Elementary + High School Usage; Refining in Middle

Elementary schools fully implement all K-5 Wayfinder offerings.

Middle schools tailor use by site; fully implement in Advisory only.

High schools use the Activity Library + Waypoints, with opt-in access to the Core Curriculum.

#### Run

##### Tailoring Usage + Expanding in High Schools

Elementary schools continue full implementation.

Middle schools further tailor use by site; fully implement in Advisory.

High schools fully implement, using the Activity Library, Waypoints, and Core Curriculum Fast Track option (at minimum).

"Wayfinder's curriculum prepares our students by fostering self-awareness, cultivating character, and promoting responsible decision making, which we see as essential ingredients to their future success."
