

Master the Simultaneous Mode: Your 4-Hour Advanced Workshop

Stop guessing what raters look for. Learn the strategies and standard rubric to score higher in national certification exams.

A Strategic Workshop Led by Mohamad Anwar

This 4-hour live workshop is designed to bridge the gap between where you are now and where you need to be. Led by certified professional Mohamad Anwar, you will receive focused training that cuts through the noise and zeroes in on the metrics that matter.

Workshop Agenda: What We Cover in 4 Intensive Hours

This is a hands-on, drill-based session. Be ready to interpret, evaluate, and transform your technique.

Time Block	Focus Area	Key Outcome
Hour 1: Deconstructing the Rubric	The Rater's Mindset	Understand what raters looking for. We break down the standard scoring rubric used across all academic settings and explain terms like "minor error," "major error," and "pacing," so you know how to score higher.
Hour 2: Guided Simultaneous Drills	Pacing, Flow, and Accuracy	Guide you through techniques for managing cognitive load and maintaining professional flow while under time constraints.
Hour 3: Error Correction & Strategy	Identifying and Mitigating Pitfalls	We analyze the most common simultaneous interpreting errors (e.g., false start, self-correction, and omissions). You will learn immediate, practical techniques to mitigate these errors.
Hour 4: Self-Evaluation	Your Post-Workshop Success Plan	Introduces a Self-Evaluation Checklist. This a tool you will use to critically analyze your own practice recordings. You leave with a clear, independent practice technique.
