Heating

After extensive investigations we have discovered that heating pipes underneath the church are leaking. The construction of the church makes it impossible to get into the leak with-out major excavations. Quotes are being sought to re-route the piping. The Diocese have been supportive even though this may well cost thousands of pounds. It seems it will not be fixed before Christmas, but I think I have found a way to get some heat into the church. Now more than ever your generosity would help to secure the future of the parish. Thank you. Fr Ian.
