

Join Fellow Businesses & Civic Groups For The South Sound's Largest Group Giving Event!

Established in 2017 by the [Community Foundation of South Puget Sound](#), Give Local has raised over \$5 million for our community! With a minimum donation of just \$5, Give Local empowers all community members to participate in and support the local causes they care about. In 2024, Give Local raised over \$1.2 million for 142 participating nonprofits, with support from more than 2,168 unique donors.

Group Giving with Give Local

Whether you run a small business or manage one of our region's largest, you are the heart of our community. We understand running a business is more than a full-time job. As a result, we aim to make philanthropy easy, efficient, and enjoyable for you and your team. To give businesses the opportunity to get more involved, the Community Foundation of South Puget Sound is offering Group Giving. We will help you engage your employees, clients, and stakeholders to give with purpose during Give Local.

The Community Foundation will customize a co-branded giving page unique to your business.

Group Giving provides a giving page for businesses or members of a group to collectively make donations to nonprofits. We will customize your page with photos, videos, and text that reflect your business brand and values.

Just fill out one simple [online form](#) to get started today!

Empower employees and supporters to work together to give to local nonprofits.

Once we create your page, your business can easily share its unique link in newsletters, emails, and social media. Use the event to encourage employee camaraderie and/or challenge your customers, clients, and business network to Give Local. The Community Foundation will work with you to ensure you achieve your unique business and philanthropic goals.

Customize Give Local and make it work for you.

You can choose to specifically feature nonprofits that align with your philanthropic passions or support all participating nonprofits. In either case, your group or business will get credit for every donation generated from your page. You can select a fundraising goal amount, encourage more giving by setting up a matching grant, and/or issue donation challenges to your customers, clients, peers, and entire business network. At the end of the day, you raise your business profile while giving back to the community!
