### WILL SWITZERLAND FINALLY DO AWAY WITH IMPUTED RENTAL-VALUE TAX ON HOMEOWNERS?

This article reports that the Swiss Parliament will hold a public vote in September to consider the abolition of the imputed rental-value tax, although this will only be enacted if the newly proposed cantonal tax on second homes is approved. The article explains the basis of imputed rental-value tax system, the arguments for and against the tax and the next steps if the reform is accepted.

The article can be accessed via the following link:
