USA GENERAL

US Property Tax Changes Coming in 2026

This article looks at the prospects for property tax reform in 2026 with many states pushing for full reform or elimination. The article explains why so many states are seeking reform and outlines the changes that are being sought in Florida, Illinois, Kansas, Ohio, Pennsylvania and Texas.

The article can be accessed via the following link:

[US Property Tax Changes Coming in 2026 - Newsweek](#)

In some states, a push to end all property taxes for homeowners

This article reports on the growing movement in several states to eliminate property tax for homeowners. The article looks at initiatives that are being considered in states including North Dakota, Georgia, Florida and Texas.

The article can be accessed via the following link:

[In some states, a push to end all property taxes for homeowners - ABC News](#)

ALASKA

Anchorage homeowners see property assessment increases up to 40%

This article reports that Anchorage residents have seen their property tax assessments rise by up to 40%, raising concerns about the tax bills. The article includes comments from the municipality and gives details of how to submit an appeal.

The article can be accessed via the following link:

[Anchorage homeowners see property assessment increases up to 40%](#)

The tax appeal process won't fix what's broken with Anchorage property assessments

This article reports that Anchorage residents have seen their assessments increase by 20-40% and have been encouraged to appeal their assessments. The writer of the article argues against the over reliance on property taxes to fund services and questions whether property taxes are the correct method for the municipalities to raise revenue.

The article can be accessed via the following link:

CALIFORNIA

SF faces nearly \$1B budget deficit over declining property tax revenue

This article reports on the City of San Francisco's growing budget deficit caused by the declining value of office property, together with an increasing number of appeals, which have led to a drop in property tax revenue. The article provides examples of sales in the office market.

The article can be accessed via the following link:

[Falling Office Values Make Property Tax Deficit Worse](#)

L.A. council puts off yet another attempt to rewrite the city's 'mansion tax'

This article reports that Los Angeles City Council has postponed a vote on a ballot measure to exempt newer apartment buildings from the Measure ULA tax. The article looks at those against the "mansion tax" who claim it is contributing to the city's housing crisis, making many developments unprofitable, and those in favour who say that it provides crucial aid to renters and funds for affordable housing.

The article can be accessed via the following link:

[L.A. elected officials put off yet another attempt to redo the city's 'mansion tax' - Los Angeles Times](#)

COLORADO

Tax bill shock: Colorado homeowners could see property taxes jump by as much as 40%

This article reports that property taxes are rising in Colorado, and homeowners will see increases of between 20 and 40%, mainly due to the reduced property tax assessment rates that were short term relief in 2023-24. The article looks at the effects on two residents.

The article can be accessed via the following link:

[Tax bill shock: Colorado homeowners could see property taxes jump by as much as 40% - Colorado Politics](#)

CONNECTICUT

What does Bridgeport's spike in home values mean for tax bills?

This article looks at the large increases that have taken place in Bridgeport and asks whether, with the increase in assessments, will the mill rate come down, and if so, if Bridgeport increases are larger than average, will the property tax bill still increase significantly for property owners in Bridgeport.

FLORIDA

Eliminating property taxes would make Florida's 'worst in the U.S.' regressive system even worse

This article reports that a study by Institute on Taxation and Economic Policy (ITEP) has shown that Florida has the most regressive tax structure of all states. The article goes on to state that eliminating property taxes would make the system even more regressive as there is no income tax, and replacing the property tax by an increase in sales tax would punish those on low incomes.

The article can be accessed via the following link:

[Eliminating property taxes would make Florida's 'worst in the U.S.' regressive system even worse](#)

A second proposal to eliminate property taxes in Florida is now ready for a vote by the full House

This article looks at whether one or two tax related constitutional amendments seeking to eliminate property tax will go forward to voters later this year. They would require 60% voter approval to become law. The article reports on the proposals and provides comments from County Commissioners on what the proposals will mean for services provided by municipalities.

The article can be accessed via the following link:

[A second proposal to eliminate property taxes in Florida is now ready for a vote by the full House • Florida Phoenix](#)

Here's how Gov. Ron DeSantis plans to replace property taxes in Florida

This article reports on comments from Florida's governor that the excess state funding could help to offset any losses from property tax cuts. The article explains that the governor is primarily pushing to eliminate property taxes for tax cuts on primary homesteads only. The article also looks at proposed amendments by House lawmakers which would reduce property taxes across the state.
