NEW BRUNSWICK

Province puts pressure on local governments with property tax reforms

This article reports that the government of the province has introduced property tax reforms which will be introduced next year and will outline on the property tax bill how much municipalities should be charging to reap their tax revenues and explain what they're spending extra money on if they go above the province's suggested tax rate. The article publishes comments in opposition to the change and others to be introduced at the same time.

The article can be accessed via the following link:
