NEW GENERAL LAW ON STRENGTHENING AND HARMONIZING CADASTRAL AND PROPERTY REGISTRY SYSTEMS ENHANCES OVERSIGHT OF REAL ESTATE INFORMATION AND FACILITATES THE DETECTION OF INCONSISTENCIES

This article reports that a new law has come into force in Mexico designed to establish a framework for coordination among the Federal Government, the states and municipalities to strengthen, modernize, standardize, update and enable interoperability among cadastral systems and Public Property Registries throughout the country. The article looks at the implication for both taxation and real estate and recommends action that should be taken.
