ABOUT US

Located in Harrisonburg, VA

Rocco has proudly served the Building Industry since 1969 and has had a continued commitment to not only top-notch customer service, but also the best quality materials.

Distribution Regions

Rocco maintains an extensive fleet to provide consistent reliable service to our customers.

Our sales territory extends throughout Virginia, the Baltimore metropolitan and surrounding areas, and adjacent territories in West Virginia, Pennsylvania, and Tennessee.

Mission Statement

Our company will earn and retain the status of preferred supplier by providing our customers with consistently superior service and quality products.

DECKING BOARDS

TimberTech® ADVANCED PVC

VINTAGE COLLECTION

LANDMARK COLLECTION

HARVEST COLLECTION

HARVEST+ COLLECTION

Why PVC? Made without wood, TimberTech® Advanced PVC boards are fully synthetic—so they won't absorb water, rot, warp, or grow mold. Ideal for coastal, humid, or rainy climates.

Up to 30° cooler to the touch. Plus, it's splinter-free and slip-resistant.

Each PVC board contains up to 60% recycled material, making it an eco-friendly choice that doesn't sacrifice performance.

TimberTech® COMPOSITE

LEGACY COLLECTION

PRIME+ COLLECTION

PRIME COLLECTION

TERRAIN COLLECTION

RESERVE COLLECTION

TERRAIN+ COLLECTION

Why Composite? Unlike traditional wood, TimberTech Composite won't crack, warp, or splinter. It stands up to rain, snow, sun, and humidity—no sealing, staining, or painting required.

With authentic wood grain textures and rich, fade-resistant colors, TimberTech Composite delivers the look homeowners love—minus the headaches of real wood.

Made with up to 80% recycled materials, including wood fibers and plastics. Composite decking helps reduce waste while delivering lasting value.

TIMBERTECH COMPOSITE

COMPETITIVE COMPOSITE

FRAMING & MORE

TimberTech® ALUMINUM DECK FRAMING

TimberTech® Aluminum Deck Framing gives you the long-lasting benefits you expect and outperforms other framing materials.

- **3X Stronger Than Wood:** Engineered for strength and span, aluminum framing delivers unmatched stability.
- **Moisture & Insect Proof:** Won't rot, rust, warp, or attract termites like a wooden substructure.
- **Fire-Resistant:** Class 1A fire rating provides peace of mind in wildfire-prone or high-heat areas.

TimberTech® MULTI-WIDTH OPTIONS & DRYSPACE

TimberTech Advanced PVC has collections offering wide (7.25") and narrow (3.5") widths in addition to the standard-width (5.5") boards—so you can add a touch of the unexpected and an element of style.

Designed with second-story decks in mind, DrySpace Drainage collects and channels moisture from the spaces between boards with a hidden under-deck ceiling drainage system.

COLUMNS & LATTICE

FIBERGLASS COLUMNS & PORCH POSTS

Fiberglass Columns

Porch Posts

HB&G's fiberglass columns offer the perfect blend of classical beauty and engineered durability. Pultruded or spun-cast from premium fiberglass-reinforced polymer, these columns are rot-proof, insect-proof, weather-resistant, and exceed IBC/IRC code standards.

They come in round or square profiles, plain or fluted, tapered or straight, and feature authentic Tuscan, Doric, or Corinthian capitals and bases—bringing architectural elegance without the maintenance headaches of wood.

COLUMN WRAP & COLUMN CROWN MOULDING KIT

Column Crown Moulding Kit Column Wrap

AZEK's One-Piece and Tapered Column Wraps transform ordinary posts into polished architectural features with ease. Crafted from durable, moisture-resistant PVC, these column wraps resist rot, mold, insects, scratching, and UV fading—yet remain lightweight and easy to handle.

VINYL LATTICE

Manufactured by Dinesol Plastics Inc., our premium vinyl lattice panels offer a durable, maintenance-free alternative to traditional wood. Engineered from high-quality PVC, these panels resist moisture, rot, warping, and insect damage, making them ideal for a variety of outdoor applications—deck skirting, privacy screens, garden enclosures, and more.

Available in classic White, Black, and Warm Cedar, Dinesol's vinyl lattice features UV-stabilized coloring for long-term fade resistance and consistent appearance.

Comes in Black, Cedar, and White

PVC & VINYL SIDING

PVC LAP SIDING

ENGINEERED FOR EASY INSTALL

- Lightweight and flexible meaning less jobsite breakage. Hidden nailing tab offers easy fastening and a clean look.

FEWER JOINTS

- 16 foot siding board lengths mean fewer butt joints for a streamlined install and better final appearance.

PROVEN DURABILITY

- AZEK Lap Siding and Trim products are rot and moisture resistant, needs almost no maintenance and is backed by a Lifetime Limited Warranty.

NO PAINT NEEDED

- The strong color cap wraps the substrate, meaning a lifetime of beauty without the maintenance. Available in 6 on-trend colors.

INSULATION & WRAP

Kingspan GREENGUARD INSULATION BOARDS

Kingspan's GreenGuard building wrap and insulation systems set a new standard for high-performance, contractor-friendly envelope protection.

The GreenGuard line are engineered polyolefin membranes that serve as both water-resistive and air-barrier systems, delivering exceptional tear resistance and uninterrupted protection in demanding conditions.

BARRICADE
BUILDING PRODUCTS

BUILDING WRAP

Barricade delivers high-performance, durable protection, contractor-friendly installation features, and excellent pricing. All backed by a robust warranty—solidifying its reputation as a top-tier building wrap choice.

Compared to other brands, Barricade wraps deliver comparable—or better air and moisture management, often at roughly half the cost, making it a smart investment for both builders and contractors looking to optimize margins without sacrificing quality.

EXTERIOR MOULDING

AZEK Moulding has many profiles made of beautiful, high-performance material to mix and match for a distinctive, customized look. Crisp architectural details evoke a premium wood aesthetic but AZEK Moulding lasts much longer than wood and without wood's constant maintenance hassles.

Backed by AZEK's promise of high-quality and lasting performance, AZEK Moulding will retain a like-new appearance despite the tests of time and weather. AZEK Moulding offers greater stability and predictability when fastening. Unlike traditional wood moulding, AZEK Moulding resists moisture and insect damage and will not cup, rot, or split. While AZEK Moulding will look beautiful on your home's exterior, it's also great for high-moisture indoor spaces like bathrooms and laundry rooms to prevent the build-up of mold and mildew indoors.

PAINTPRO TRIM

PaintPro Trim is engineered for paint, creating a superior painted finish with no primer or special prep needed. Enjoy faster paint dry times and installations. Crafted from high-performance polymers, PaintPro Trim is virtually impervious to moisture, meaning it won't rot, crack, or warp even in challenging environments. Backed by a Lifetime Limited Warranty, you can trust the quality finish will look great for years to come.

INCLUDES - SHEETS, SHINGLES, BOARD & BATTEN, TRIM, CORNER, AND SKIRTBOARDS

Why PaintPro trim?

PROBLEM:

Painted wood trim needs constant repainting, and still chips and rots when exposed to moisture.

SOLUTION:

PaintPro trim is moisture resistant and ensures long-lasting curb appeal, with no need for frequent maintenance and expensive repainting.

GLENWOOD

WHITE

CHADWOOD

GRAY

GLENWOOD - For those who want a darker, chocolate color and up-to-date Shaker style, choose our best-selling line, Glenwood. The clean, well-defined edges and recessed panel doors bring a touch of elegance to your home.

WHITE - Our recessed panel, Shaker style cabinets are available in painted white. This painted wood door style enables a variety of design options with countertops, flooring and decorative backsplashes.

CHADWOOD - A popular classic with a golden oak finish, Chadwood is right at home in any kitchen. With oak recessed panel doors, Chadwood can be designed and accessorized to fit any need, taste or budget.

GRAY - Recessed panel design with Decorative Laminate Veneer (DLV) technology is your key to a kitchen that stands up to life's demands. Our ultra-durable finish with the custom look of paint, but with an easier-to-care-for finish.
