

Kia EV4

Movement that inspires

September 2025

Overseas Model Shown

Introducing Kia EV4. The shape of things to come.

Overseas model shown. NZ model may vary.

A classic sporting silhouette, reimagined with tomorrow's technology. The Kia EV4 is a sleek electric fastback with exhilarating handling and extended range to set you free on the open road.

GT Line overseas model shown. NZ model may vary.

Designed for long stretches.

The EV4's sleek profile hides a luxuriously spacious interior. With room for five and a completely flat floor providing generous legroom, it's the perfect cabin for long trips.

The interior is a masterpiece of intelligent design with an ultra-wide near 30" Panorama Display and a premium sound system (GT-Line Exclusive) creating a truly immersive experience.

Flagship driving experience.

With a beautifully minimalist interior and the same Advanced Driving Assistance Systems & Vehicle Dynamics found in our flagship EV9, the EV4 provides a sublime driving experience.

Takes you further.

Kia's 4th generation, 81.4kWh battery delivers up to 633km* of driving range to handle long trips with ease. With 10-80% DC fast charging in 31 minutes**.

Advanced Active Safety technology.

Advanced Active Safety technology includes Forward Collision-Avoidance Assist, Lane Keeping Assist, Highway Driving Assist, and Reverse Parking Collision-Avoidance Assist†, providing additional support and reassurance on every journey.

*Light model only.

The estimated range using the Worldwide Harmonised Light Vehicle Test Procedure (WLTP) should be used as a guide only.

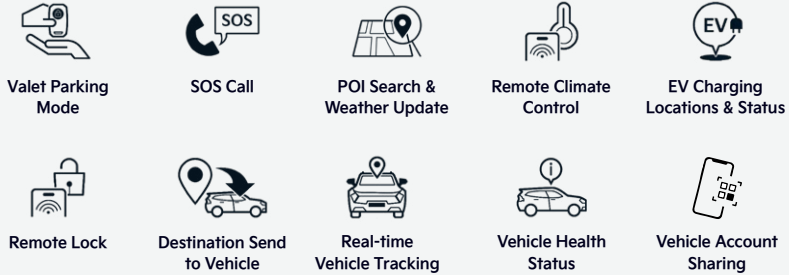

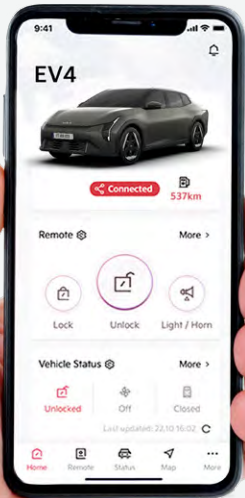

**Approximately 31 minutes to charge from 10% to 80% on a 350kW DC ultra-fast charger. Charging times may increase if peak charging rates are not achieved. Charging times will also be dependent on the condition and durability of the high voltage battery, charger specifications, and ambient temperature at the point of use.

† Available on GT-Line models.

Kia Connect™

The Kia Connect app is your digital co-pilot.

Use it to set a comfortable cabin temperature before you get in, lock or unlock your EV4 and locate nearby charging stations. There's even a Valet Mode that keeps an eye on your EV4 when you hand over the keys to someone else.

Over-the-Air (OTA) wireless software updates.

Kia Connect ensures your car always has the latest performance and safety software with Over-the-Air updates. Receive OTA updates as you drive to improve key vehicle functions, such as powertrain, drivetrain, infotainment system, battery and the advanced driver assistance systems (ADAS).

With OTA Updates, you can be confident of having the latest safety and performance features without the need to visit a dealership or service centre.

An EV for everyone.

Inspiration comes in many forms. That's why at Kia, we are creating a whole family of advanced electric vehicles that answer different needs and fit different lifestyles.

Specifications

Kia EV4

Specifications key:

- = included
- = not included
- LR - Long Range

	LIGHT LR 2WD	GT-LINE LR 2WD
DRIVETRAIN		
Driven Wheels	Front Wheel Drive	
Electric Motor Type	Permanent Magnet Synchronous Motor (PMSM)	
Maximum Power	150kW	
Maximum Torque	283Nm	
BATTERY		
Battery Type	Lithium-ion NCM Battery	
Battery Capacity (kWh)	81.4 kWh (Gross)	
Battery Weight (kg)	475 kg	
Battery Heating System	●	●
TRANSMISSION		
Gearbox	Single Speed Reduction Gear (SSRG)	
Final Gear Ratio	11.55	
Shift Controller type	Column Type Shift-By-Wire (SBW)	
MAXIMUM RANGE, ENERGY CONSUMPTION & PERFORMANCE		
All Electric Range (WLTP) - Combined	Up to 633km (WLTP)	Up to 612km (WLTP)
Energy Consumption (kWh / 100km) - Combined	14.4 kWh / 100km	14.9 kWh / 100km
CO ₂ Emissions	0g / km	
Maximum Speed	170km / h	
0 - 100 km / h	7.7 seconds	7.8 seconds
AC NORMAL CHARGING**		
On Board Charger (OBC) Maximum Charging Rate	Up to 10.5kW	
Charging Time - ICCB (In Cable Control Box) Unit (0% - 100%)	Approx 30 hr 40 min	
Charging Time - 11kW AC Charger (0% - 100%)	Approx. 7 hr	
DC FAST CHARGING**		
DC Charger Maximum Charging Rate	Up to 128kW	
DC Fast Charger - 50kW (10% - 80%)	Approx 79 min	
DC Ultra Fast Charger (10-80%)	Approx. 31 Minutes	
SUSPENSION		
Front Suspension	Macpherson Strut	
Rear Suspension	Multi-4 Link	
WHEELS & TYRES		
Tyres / Wheels	215 / 60 R17	215 / 50 R19
Wheel Size / Type	17" Alloy	19" Alloy
Tyre Pressure Monitoring System (TPMS)	●	●
Spare Wheel Type	Temporary Mobility Kit (TMK)

Information contained herein is for comparative purposes only. Specifications at any given time may vary to the above.

* Driving range figures standards are calculated using the World Harmonised Light Vehicle Test Procedure (WLTP). Actual results achieved will differ according to operating conditions and driving style.

** Charging times of the high-voltage battery may vary according to the condition and durability of the high-voltage battery, charger specifications and ambient temperature.

*** Not all handsets may be compatible.

^ Charge time with 350kW DC ultra-fast charger. Actual charge will vary with options, driving conditions, driving habits, vehicle maintenance, charging practice, battery age, weather, temperature and your vehicle's condition.

∞ Apple CarPlay: Requires an iPhone 5 or later and it is recommended to always update your iPhone to the latest iOS release. Use the Apple Lightning cable provided with your phone, or Apple-certified Lightning cable.

† Android Auto: Requires an Android phone with Android 5.0 Lollipop or higher. It is recommended to always update your phone to the latest OS release. Use the USB cable provided with your phone. Kia cannot guarantee continued compatibility.

Kia confidence goes further.

All new Kia EV4 Vehicles come with an impressive 7-Year/150,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

All new Kia EV4 vehicles powered by a high-voltage drive battery come with a 8-year/160,000 km (whichever comes first) warranty that covers components found in the drive battery case. In the event that your vehicle becomes immobile due to a high voltage battery or system failure, we'll cover the cost of the tow to the nearest authorised Kia dealer.

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be dispatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

Your new EV4 comes with a complimentary 5-year subscription to Kia Connect and Over-the-Air (OTA) Updates. Synchronise destinations, check the vehicle status, control certain vehicle functions and more with the Kia Connect app.
