FUTURE POSITIVE

The all-new PALISADE is more commanding, more connected, and more luxurious than ever. With a striking new design, advanced safety tech, and room for up to eight passengers, the PALISADE redefines what a family SUV can be.

The PALISADE is available with our new advanced 2.5L turbocharged hybrid powertrain. Significantly improving on single-motor systems, the dual-motor design delivers extended range and maximises fuel efficiency without compromising driving performance.

Exterior Features

Signature LED lighting

21" alloy wheels

Bold premium design.

Signature LED lighting, sharp detailing and modern design cues define the front, while sculpted surfaces, pronounced wheel arches and striking alloy wheels emphasise its premium SUV character. At the rear, clean horizontal elements and distinctive tail lights create a cohesive, modern finish that looks as confident leaving as it does arriving.

Panoramic power tailgate

Dual sun roof

Interior Features

Comfort comes first.

Inside delivers a refined, spacious interior designed around comfort and connection. A clean, horizontal layout creates an open, lounge-like atmosphere, while high-quality materials, including nappa leather and thoughtful detailing, elevate every touchpoint. Advanced digital displays, intuitive controls and ambient lighting enhance both form and function, while generous space across all three rows ensures every passenger travels in comfort.

Heads-Up Display

Wireless Apple CarPlay™ and Android Auto®

3 rows of heated seats & heated steering wheel

Interior LED ambient lighting

Hybrid Power

Hybrid Economy. Turbo Power.

Developed to reduce fuel consumption without compromising on being fun to drive, the hybrid powertrain delivers a combined power output of 245 kW with 460 Nm of torque.

The beauty of a hybrid powertrain is that performance doesn't come at the expense of efficiency with an impressive combined fuel consumption of 7.6L per 100 km, without the requirement to plug in.

The AWD system also includes three available terrain modes. Snow, mud and sand modes can be selected to take you further on your adventures.

The all-new PALISADE includes Vehicle-to-Load technology to power your lifestyle, from laptops to camping equipment, no matter where you are with the V2L plug.

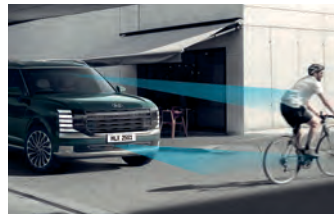

Safety Features

Blind Spot Collision-Avoidance

Blind-Spot View Monitor

Forward Collision-Avoidance

Lane Keep Assist

Safety comes first.

The all-new PALISADE puts safety first, with Hyundai SmartSense™ technology working seamlessly in the background to keep you and your passengers confident on every journey. From lane-keeping and blind-spot monitoring to advanced parking assistance, the PALISADE combines intelligent systems with a reassuring presence.

Smart Cruise Control

Parking Collision Avoidance
