

Kia EV6

Movement that inspires

OCTOBER 2025

Overseas Model Shown.

The all-new Kia EV6.
The best just got better.

With a sleek, athletic exterior, intelligent interior design and capable performance and handling, the all-new Kia EV6 continues to redefine what an all-electric crossover SUV can be.

Kia EV6. Be inspired by every journey.

Dedicated to the drive.

The all-new EV6 gives you the option of 168 kW single motor Rear-Wheel Drive or dual motor All-Wheel Drive with up to 239 kW, that can accelerate from 0 to 100 km / h in just 5.3 seconds*. The EV6 is capable of towing up to 1,800kg (braked), provided there is more than 35% of charge left in the battery.

* Earth LR AWD & GT-Line LR AWD.
Overseas Model Shown.

The 24" Panoramic Display provides crystal clear driver information, navigation and entertainment with Apple CarPlay® & Android Auto™.

The available Head-up Display* shows key vehicle information, including speed and turn-by-turn directions.

*Earth & GT-Line models only.

Overseas Model Shown.

Quiet confidence.

The EV6's luxuriously minimalist interior offers a supremely spacious, secure and sustainable driving environment that protects you with a suite of advanced safety technologies.

Heated and ventilated* front seats, generous amounts of legroom and a panoramic sunroof** all enhance the feeling of calm and spaciousness.

*Ventilated Front Seats on GT-Line only.
 **Panoramic Sunroof optional extra on GT-Line only.

Overseas Model Shown with driver's knee airbag & 2nd row thorax / pelvis airbags, not fitted to local models.

Overseas Model Shown.
 Panoramic Sunroof Optional Extra on GT-Line only.

The power to charge endless possibilities.

Connected to an ultra-fast DC charger it takes as little as 18 minutes* to charge the EV6 from 10 to 80%.

The EV6's Smart Regenerative Braking system harnesses braking energy to improve driving range and automatically adjusts braking levels by analysing to the road gradient and the vehicle ahead of you.

*Estimated charge time on 300kW hyper charger. Max DC charge rate of up to 240kW may vary according to the condition and durability of the high voltage battery, charger specifications and ambient temperature. Overseas Model Shown.

Need to charge an eBike, power a fridge or even an espresso maker? The V2L^ outlet provides instant power wherever you are.

^V2L Adaptor is available for purchase as a vehicle accessory from your local Kia dealer. Not all features are available on all models.

Overseas Model Shown.

An EV for everyone.

Inspiration comes in many forms. Kia offers a whole family of advanced electric vehicles to fit your needs and lifestyle.

EV4

EV3

Kia Connect™

The Kia Connect app is your digital co-pilot.

Use it to set a comfortable cabin temperature before you get in, remotely lock or unlock your EV6 and locate nearby charging stations. There's even a Valet Mode that keeps an eye on your EV6 when you hand over the keys to someone else.

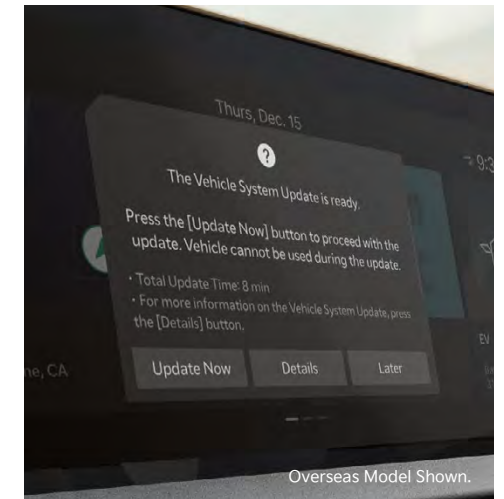

Over-the-Air (OTA) wireless software updates.

Kia Connect ensures your car always has the latest performance and safety software with Over-the-Air updates.

Receive OTA updates as you drive to improve key vehicle functions, such as powertrain, drivetrain, infotainment system, battery and the advanced driver assistance systems (ADAS).

Just accept the OTA update in your EV6 and you can be confident of having the latest safety and performance features without the need to visit a dealership or service centre.

Overseas Model Shown.

Putting the tech into protection.

Wherever you go, day or night, advanced safety systems are constantly working to protect you and your EV6.

Blind Spot View Monitor*

When you activate the turn signal, side mirror-mounted cameras display an uninterrupted view of your blind spots on the instrument cluster.

Autonomous Emergency Braking with Junction Turning

Using radar and camera data, the AEB system senses the potential for a collision with a pedestrian, car or cyclist ahead, and applies emergency braking to avoid or reduce the effects of a collision.

When making a right turn across an intersection, the Junction Turning system will detect potential oncoming traffic and automatically apply the brakes to prevent or reduce the effects of a possible collision.

*Earth & GT-Line models only.

Max. towball download (kg)	100kg		

Information contained herein is for comparative purposes only. Specifications at any given time may vary to the above.

* Driving range figures standards are calculated using the World Harmonised Light Vehicle Test Procedure (WLTP). Actual results achieved will differ according to operating conditions and driving style.

** Charging times of the high voltage battery may vary according to the condition and durability of the high voltage battery, charger specifications and ambient temperature.

*** Not all handsets may be compatible.

****Maximum Towing Capacity should only be achieved when the battery has more than 35% charge remaining

∞ Apple CarPlay: Requires an iPhone 5 or later and it is recommended to always update your iPhone to the latest iOS release. Use the Apple Lightning cable provided with your phone, or Apple certified Lightning cable.

† Android Auto: Requires an Android phone with Android 5.0 Lollipop or higher. It is recommended to always update your phone to the latest OS release. Use the USB cable provided with your phone.

Kia Motors cannot guarantee continued compatibility.

Kia confidence goes further.

All new Kia EV6 Vehicles come with an impressive 7-Year / 150,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

All new Kia EV6 vehicles powered by a high-voltage drive battery come with a 8-year / 160,000 km (whichever comes first) warranty that covers components found in the drive battery case. In the event that your vehicle becomes immobile due to a high voltage battery or system failure, we'll cover the cost of the tow to the nearest authorised Kia dealer.

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be dispatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

Your new EV6 comes with a complimentary 5-year subscription to Kia Connect and Over-the-Air (OTA) Updates. Synchronise destinations, check the vehicle status, control certain vehicle functions and more with the Kia Connect app.
