BUYERS GUIDE

APRIL 2026

EXHILARATING POWER

Taikon

Super Hybrid or EV Convenience

The Taikon is available as a Super Hybrid that is designed for drivers who want the best of both worlds. It offers the range of a petrol engine with the ability to run solely on electric power or in a combined mode. It delivers a total range of more than 1,000km, or an electric-only range of over 180km.

The Taikon is also available as a pure Electric Vehicle with a 64.4kwh battery that delivers more than 400km (WLTP) range for drivers who prefer a fully electric option.

Design

With its smooth, agile lines that are minimalist yet elegant, the Taikon conveys a sense of lightness and flow. It highlights the understated beauty of modern technology, with thoughtful details ranging from the crystal cut gear selector to the impressive 14.6 inch central LED display.

Comfortable and Versatile Interior

The Taikon offers a remarkably spacious interior for everyday use and weekend trips, with more than 1,480 litres of boot space when the rear seats are folded flat, as well as class-leading rear headroom and legroom. It also provides available driver's seat massage and ventilation, along with a selection of refined rear seat comforts.

Safety and Quality

Taikon features the latest safety technology, including blind spot monitoring, rear cross path alert, emergency braking and lane keep assist. It also offers premium touches such as triple rear door seals and high quality soft touch interior materials.

Masters of Engineering

Established in 1954 and backed by more than 70 years of automotive manufacturing expertise, all Forthing Taikon vehicles in New Zealand come with a 7 year/200,000km factory warranty.

Offering exceptional value and long-term peace of mind, Forthing vehicles are now sold and supported in more than 100 countries worldwide.

HYBRID LUXURY & EXCLUSIVE SPECIFICATIONS

HYBRID DIMENSIONS

Length (mm)	4600
Width (mm)	1860
Height (mm)	1680
Wheelbase (mm)	2715
GVM (kg)	2185
Kerb Weight (kg)	1810
Payload (kg)	375
Tow capacity unbraked (kg)	750
Tow capacity braked (kg)	1500

HYBRID BODY

No. of doors	5
No. of seats	5

HYBRID CHASSIS

Front suspension	McPherson Independent Suspension Stabilizer Bar
Rear suspension	Multi Link Independent
Steering system	Electric Power Steering
Front brake	Ventilation Disc Type
Rear brake	Disc
Parking brake	Electronic parking
Tire spec (E-MARK)	235/55 R19
Spare Tire	No

HYBRID ENGINE

Drive form	RR
Engine brand	Dongfeng Liuzhou Motor
Engine model	4F15N
Displacement (cc)	1.498

HYBRID ENGINE (CONTINUED)

Intake form	Naturally aspirated
Rated Power (combined) (kw)	155
Rated Power Speed (rpm)	6000
Maximum Torque (Nm)	130
Maximum Torque Speed (rpm)	4000
Fuel Form	Petrol
Fuel	91 octane petrol
Tank capacity (L)	43

HYBRID MOTOR

Motor type	Permanent Magnet Synchronous Motor
Rated/ Maximum power (kW)	55/120
Maximum speed (rpm)	16000
Maximum torque (Nm)	240

HYBRID BATTERY

EV Driving range (km)	183 (WLTP)
Combined driving range (battery & petrol generation) (km)	1,000-1,150 (WLTP)
Battery type	Lithium-Iron phosphate
Battery capacity (kWh)	31.94

HYBRID CHARGE

On-board charger power	6.6kw
Charging interface	European Standard Interface
Slow charging time (instrument power from 0% to 100%)	<=5.5h
DC fast charging time (SOC: 30% -80%, normal temperature 25 °C, charging pile power>120kwh)	<=0.5h
