

**Tradition You Trust,
Flavor You'll Crave**

A vibrant, top-down view of various fresh ingredients and kitchen tools on a bright blue wooden surface. The scene includes a wooden spoon filled with pine nuts, a bunch of fresh basil, a white mortar and pestle, a small bowl of mixed peppercorns, a whole tomato, a wedge of cheese, a bunch of spaghetti, and a small bowl of pesto. A wooden rolling pin and a small bowl of olive oil are also visible.

Our Story

Sun of Italy was founded in 1950 with a simple belief: great Italian food starts with honest ingredients, time-tested recipes, and a deep respect for tradition.

Inspired by the flavors of Italy and crafted for American kitchens, Sun of Italy has spent generations bringing pantry staples to life, celebrating classic Italian essentials made the way they were meant to be enjoyed.

For over 70 years, our products have helped turn everyday meals into moments worth savoring. Rooted in heritage yet made for modern cooks, Sun of Italy celebrates the warmth, comfort, and joy of Italian cooking, where shared meals are about more than just food - they bring people together, spark stories, and make the sun shine a little brighter at the table.

A New Chapter

Sun of Italy is now proudly part of the Saval Foodservice family, following Saval's acquisition of Pastore's Italian Wholesale Distributor.

This transition brings together two family-owned companies with deep Baltimore roots and a shared commitment to quality, craftsmanship, and service.

While ownership has evolved, what matters most remains unchanged: honoring the legacy of Sun of Italy while continuing to deliver the Italian specialty products our community has trusted for generations.

Brand Strength for Generations

Our products have become very popular and are highly valued, making them desirable in various retail environments.

Please tell me the Italian seasoning will be back in stock soon. There is no other spice like it!

Yes! The Italian Spice Mix is our favorite to use in home made pizzas and strombolis! I sent some to a friend in Missouri back in the spring, and just had to send 3 more to her. Now her daughter can take one back to college with her 😊 And we usually get it from our local Food Lion as well, but I think we must have gotten the last 3 they had 😞 SO looking forward to hearing more about your progress with the online store, and the store locator! ❤️❤️❤️ Thank you for providing us with such delicious top-of-the-line products
