

Your customers want to hear from you, But your email is buried in their inbox.

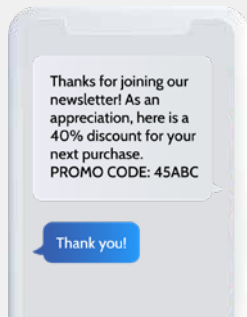

Put your business directly in front of your customers' eyes with mobile technology.

In fact, consumers now expect and rely on mobile-friendly tools to engage with their favorite brands. Engage by Cell's mobile solutions provide three ways to INSTANTLY connect with customers:

1

Text Messaging

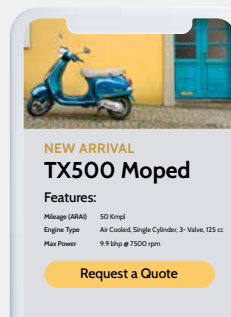

Stay top-of-mind with customers by sending a quick text message.

- Exclusive offers and promotions
- Product updates
- Appointment reminders
- Inspirational messages
- Birthday and anniversary

2

Mobile Web App Builder

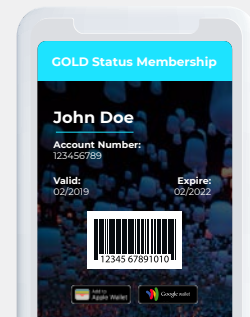

Text out a link to your branded mobile web app that will quickly connect customers to:

- Order forms
- New products and services
- Mobile payments

3

Digital Membership Cards

Issue a digital membership card that lives in your customer's digital wallet.

- Your customers will love this never-lost membership card.
- You will love the money you saved on printing and mailing cards.
