Experience Mid-Level Industrial Designer

Oracle Lighting

Dec 2025 - Present
New Orleans, LA

- Designing and overseeing production of offroad vehicle accessories.
- Managing direct communication with overseas manufacturers to ensure design and quality standards.

Mid-Level Industrial Designer

SO Design

Aug 2023 - Nov 2025
Chicago, IL

- Managed diverse project load for various industries, ensuring high-fidelity deliverables and meeting aggressive deadlines within a fast-paced consultancy environment.
- Developed production ready CAD and high-end visualizations for global clients including Nike, Kleenex, and YouTube, serving as primary marketing assets for multi-channel product launches.

Industrial Design Intern

iRobot

May 2022 - August 2022
Bedford, MA

- Designed and helped update existing and new home cleaning robots for production. Identified and solved UX issues through rapid prototyping and physical testing.
- Collaborated closely with mechanical engineering to validate product experience points

Associate Industrial Designer

Delta Faucet Company

September 2020 - May 2022
Indianapolis, IN

- Designed and developed over 40 kitchen and bathroom products for Delta's three sub-brands: Delta, Brizo, and Peerless.
- Obtained and implemented design feedback from 120 users in live research sessions.
