Program operators must accommodate meal modifications within the Child Nutrition Programs (CNP). The program operator (agency) will notify the vendor, of any meal modification(s) necessary within their CNP, at least 24 Hours hours/days (e.g., 48 hours) prior to the delivery of the meal **or** when the agency receives notification of the required meal modification(s).

Mid-Contract Price Changes

The Vendor agrees to consult with the Agency regarding any unexpected or unforeseen circumstances that may result in a modification to the originally agreed upon cost per meal (for fixed-price contracts only) contract at the time of execution (base year or optional renewal years).

Should it become necessary to implement a price adjustment, the Vendor agrees to support the action by an appropriate standard or cost index (e.g., Consumer Price Index).

The Vendor agrees to provide the proposed modification and supporting documentation in writing, to the Agency, with an appropriate response time of at least 30 days (e.g., a 30-day notice with a 2-week review and response time).

The Vendor acknowledges that any proposed modification may be accepted or denied at the sole discretion of the Agency, the Vendor is not authorized to implement any proposed modification without the acceptance and approval by the Agency.

Cost Price Index

The contract price may be increased on an annual basis by the Yearly Percentage Change in the Consumer Price Index for All Urban Consumers, as published by the U.S. Department of Labor, Bureau of Labor Statistics, Food Eaten Away from Home insert one CPI regional index: Los Angeles, West Region, San Francisco or San Diego (CPI)].

The CPI Regional Index Los Angeles (Feb 2026) (Agency to insert Month/Year) CPI value will be used as a representation of the change in CPI. Such increases shall be effective on a prospective basis on each anniversary date of this Contract and will be allowed only if approved in advance by the Agency. CPI Fee increases for the upcoming Contract renewal year must be submitted to the Agency. Of note, the CPI fee increases should be applied to individual meal or unit costs.

The renegotiation of price terms under this Contract is permitted only upon the occurrence of unpredictable, unexpected conditions beyond the control of both parties. If those conditions create a significant and material change in the financial assumptions upon which the price terms of this contract were based, then those price terms so affected may be renegotiated by both parties. Renegotiation of price terms under such conditions must be mutual and both parties must agree on any changes in price terms. Any adjustments so negotiated and agreed upon must accurately reflect the change in conditions. The occurrence of contingencies that are foreseeable and predictable, but not certain, should be calculated into the defined price terms, to the extent possible, with the goal of minimizing the need for renegotiation of price terms during the term of the Contract. Substantive changes of the Contract will require the Agency to rebid the Contract.

The Americans with Disability Act Amendments Act of 2008

The American with Disability Act (ADA) Amendments Act (ADAAA) of 2008 was signed into law in September 2008 and became effective on January 1, 2009. Federal law and USDA regulations further require program operators to make reasonable modifications to accommodate participants with disability, which includes providing special meals, at no extra charge, to participants with a disability that restricts the participant's diet.

Program operators must accommodate meal modifications within the Child Nutrition Programs (CNP). The program operator (agency) will notify the vendor, of any meal modification(s) necessary within their CNP, at least 24 hours hours/days (e.g., 48 hours) prior to the delivery of the meal **or** when the agency receives notification of the required meal modification(s).
