aws

Jet Sport

Blytækkervej 15
DK – 8800 Viborg

To whom it may concern:

We hereby confirm that the company Jet Sport has applied for renewal of OEKO-TEX® STANDARD 100 certificate no. 1876-288 product class I, annex 6, which expired on March 31st, 2026.

The application is currently under processing.

Upon full compliance with the requirements of OEKO-TEX® STANDARD, product class I, annex 6, the renewed certificate will be issued for:

Commission printing of plastisol transfers (prints), water-based transfers (prints) and water-based digitally printed transferprints on foil for heat-transfer onto textiles and direct printing on textiles with water-based and plastisol-based pigments in full color range; partly made with OEKO-TEX® STANDARD 100 and ECO PASSPORT pre-certified products.

This confirmation is valid until 30.06.2026 or until the new certificate has been issued without remarks - it cannot be renewed or be used as replacement for valid certificate.
